The Most Intensively Publicized Strawberry **BOTH NBC-TV**

The most intriguing TV program for gardeners. John Ott's "How Does Your Garden Grow", has carried the 20th Century story to thousands of interested viewers. On WMBQ-TV, Sundays from 1:00 P.M. to 1:30 P.M.

AND CBS-RADIO

The one and only Paul Gibson, popular commentator of the greatest variety of interesting subjects, talks to more than 2,500,000 people weekly. On the air six days per week; mornings, 6:00 A.M. to 6:55 A.M. Afternoons, 4:00 P.M. to 4:40 P.M.

...by far... **THE OUTSTANDING EVERBEARER OF THE CENTURY** **Sold on Money-Back GUARANTEE**

NATURE SO RICHLY ENDOWED A STRAWBERRY!

SIZE 20th Century berries are **Big—Round—Lustrous Red—A berry that has eye appeal.** Unbelievably large berries, not for just the first picking but throughout the entire season. Firm textured berries make them excellent shippers. Berries are uniform in size and have a rich red coloring from the heart out—no green tips so characteristic of practically all other everbearing Strawberries.

FLAVOR 20th Century Strawberries have a whole-some honey-sweet flavor everyone will enjoy. Unexcelled for eating out of the hand. The same honey-sweet flavor is retained during freezing. A perfect canning berry. A superior berry for jelly or jam. We can honestly say, we have **NEVER** tasted a sweeter everbearer. Imagine short-cake made from these delicacies on chilly fall days.

YIELD 20th Century gives top production. A record kept of 20th Century planting, picked every four days from July to November, produced an average of 2,436 pints per acre; another plot of 1/30 acre or 480 plants, produced 760 pints to November 1, or an average of 22,800 pints per acre, selling at 25c a pint would bring \$5700.00 an acre. These berries were not planted on any one type soil, but a range from clay loam to light sandy soil. You are always assured of a good fruiting row with 20th Century.

BEARING TIME 20th Century starts fruiting 60 days after planting, continuing to produce steadily from week to week, month to month, until the snow flies. Enjoy fresh Strawberries all season. Have berries for market when no other berries are ripening. Extend your picking season over the entire season.

GUARANTEE We guarantee 20 Century to be the finest all-around Everbearing Strawberry grown—for size, flavor, color and productivity. If you can prove by actual test, under same conditions, that you can produce a better berry, we will cheerfully refund your money.

20TH CENTURY THE CHOICE OF BOTH HOME GARDENERS AND COMMERCIAL GROWERS. IT'S THE ALL-TIME FAVORITE. FLAVOR! YUMMY!

By actual tests proven superior on all counts. Preferred by an overwhelming majority. 20th Century made its first appearance on the western coast and has attracted such marked attention because of its size, firmness, color, productivity and uniform ripening qualities there is no question but that its culture will spread rapidly throughout the Midwest and East. You get your money's worth when you buy 20th Century—it is the pride and joy of the home gardener—a money-maker for the commercial grower. Don't delay! Order today!

PLANTING BOOK

Valuable information on planting, pruning and general care of plants, shrubs, trees, etc. Everyone interested in plants should have this book. **Price: 15c. Net, no discount.**

The newest, most attractive and convenient way to grow Strawberries. Plant everbearing plants along walk or edgings, or garden planting. Blossoms all season, followed by luscious big red berries. The red leaves after frost add a distinctive touch to any planting.

20th Century is not an experiment—it is a proven success.

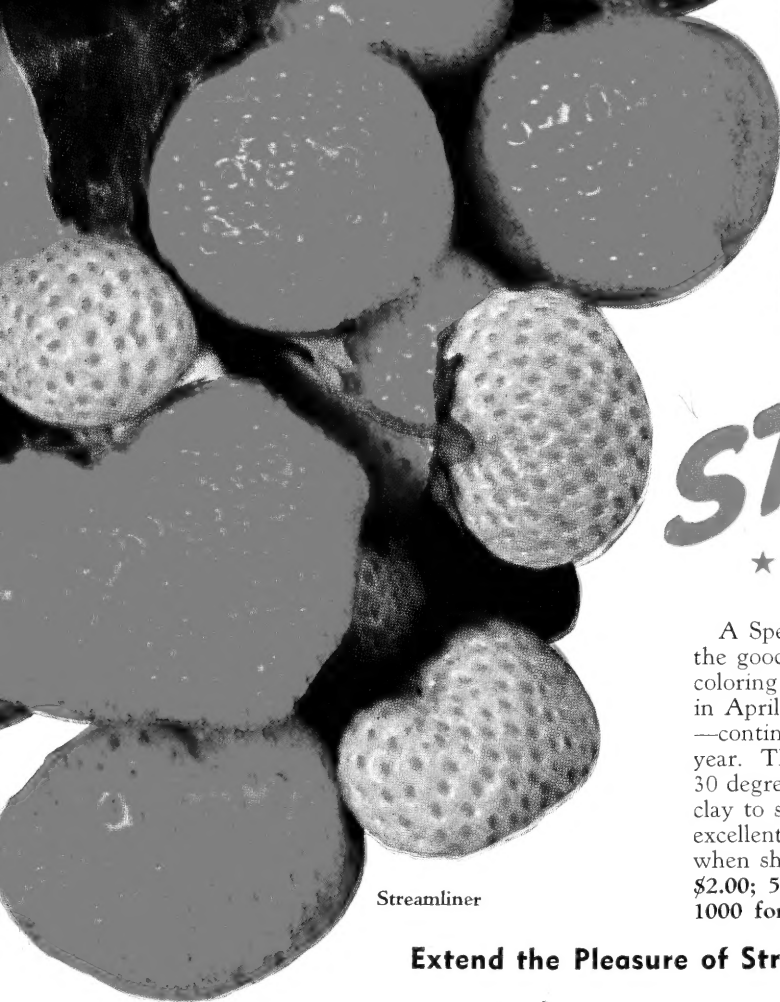

20th Century—A Delight to the Home Gardener. A constant supply of fresh Strawberries throughout the entire season.

Markets are eager for 20th Century. Willing to pay top prices over other varieties—always a sell-out. As long as there is a market there is a demand for 20th Century.

Streamliner

Westhäuser's IMPROVED Everbearing Strawberries

STREAMLINER

- ★ SUPER-SIZE BERRIES
- ★ HONEY SWEET FLAVOR
- ★ GROWS IN ANY TYPE SOIL
- ★ THREE ENORMOUS CROPS IN 18 MONTHS

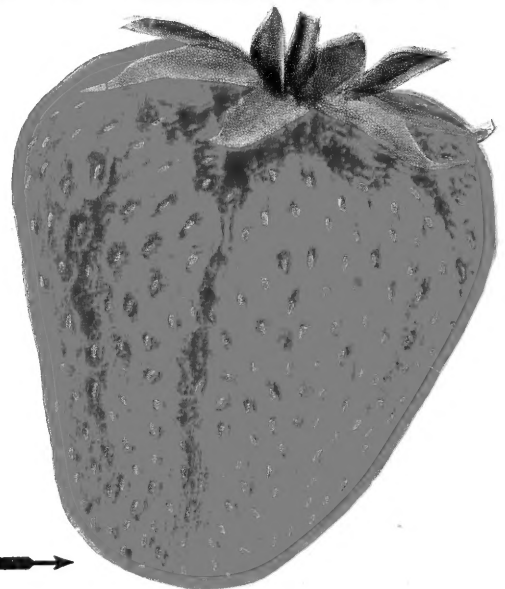

A Speed King Special in sales. This outstanding everbearer has all the good points. It is large, uniform, firm, red to the core with even coloring all over, no green tips—even the fragrance is enticing. Plant in April or May—have luscious fresh Strawberries in July or August—continuous yield until snow flies, as well as a full crop the following year. The Streamliner Everbearing Strawberry is very hardy, stands 30 degrees below zero weather, is adapted to a wide range of soil from clay to sandy loam. The plants are large and extra heavy rooted—an excellent plant maker. The berries are firm, hold their shape and color when shipped long distances, demanding top prices. **PRICES:** 25 for \$2.00; 50 for \$3.25; 100 for \$5.25; 250 for \$11.75; 500 for \$18.50; 1000 for \$35.00.

Extend the Pleasure of Strawberry Season with Westhäuser Everbearers

THE POPULAR RED RICH

(Plant Patent No. 993)

Red Rich, a cross between Wayzata Everbearing and Fairfax springbearing has retained the good flavor of Wayzata and the high yielding ability of Fairfax. Produces 2 crops in one year. Berries are large, rather round, rich red color that goes all the way through. The flesh is firm. Extra good for freezing. Ships well. Excellent plant maker. Strong, healthy, vigorous growers. Popular Red Rich, the berry you have to try to appreciate. Include some in your order today. **PRICES:** 25 for \$5.00; 50 for \$8.50; 100 for \$15.00; 250 for \$32.50; 500 for \$55.00. Net, no discount.

STRAWBERRY PLANTING INSTRUCTIONS

Make V-shaped openings with your spade, large enough to receive roots without crowding, spread roots out fan shape, set plant with crown at surface of earth, do not cover the crown with earth. Press earth against roots by placing foot on either side of plant. Pull some loose soil around the

plant. Remove all bruised or dry leaves. Space 15 to 18 inches apart in row, rows 3½ feet apart. Remove blossoms on spring-bearers first year, on the everbearers remove blossoms up to July 1st, then allow them to bloom and produce fruit.

NON-ACID BRUNE'S MARVEL

● Everbearing. ● Unusually Sweet. Can be eaten by those who are affected with rash caused by acid of other Strawberries. The glittering red berries are almost seedless. Thrifty plant maker. **PRICES:** 25 for \$2.25; 50 for \$3.50; 100 for \$6.00; 250 for \$10.50; 500 for \$19.00.

Fresh Berries 6 Months of the Year!

Superfection

FOR EVERBEARER SATISFACTION

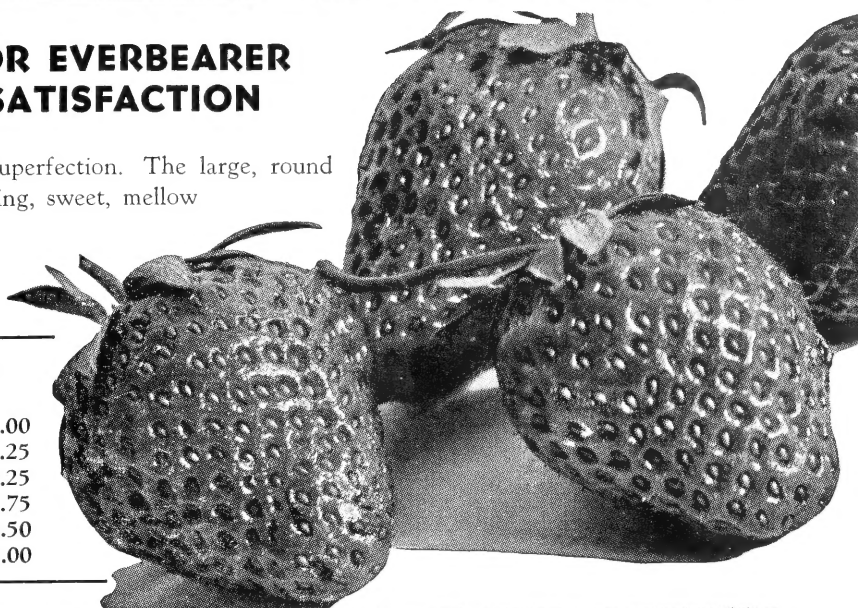

We can't begin to tell you all the fine qualities of Superfection. The large, round berries are bright red all the way through. The tempting, sweet, mellow flavor is delicious fresh, canned or in jams and jellies. You will want to put some in your deep freeze for that extra special treat this winter. Fruit is firm. Plants are sturdy. Heavy producer. Free plant maker. Plant Superfection for perfect satisfaction.

POLLENIZATION

All varieties of Westhauser's Strawberries are self-pollenizing; however, the smart grower will order a varied assortment and prolong his berry season.

GEM *The favorite for over a decade*

Tops in flavor, appearance, production, hardiness. Commercial growers praise Gem for its unusually good crop in spring, and its bountiful production in fall when Strawberries are in the luxury class. The flavor is sweet like the Progressive variety—so little sugar needed to bring out the rich flavor. The glossy, scarlet-red berries are most attractive. Fruit is very large and uniform, holding its size even in dry weather. Good shipper. Produces heavy fruiting row. Double your crop—
increase your profit. Plant our heavy fruiting strain. Prices in block.

SURPLUS STRAWBERRIES

During our digging season every spring, at the end of each day, there are a few plants of all varieties left—these are classed as surplus plants. We are offering them at a great saving. All plants are first class, fresh dug and will bear you a fine crop. However, none are labeled—they are mixed varieties—sold in lots of not less than 250. Springbearer Surplus, 250 for \$3.25; 500 for \$6.00; 1000 for \$11.50.

All

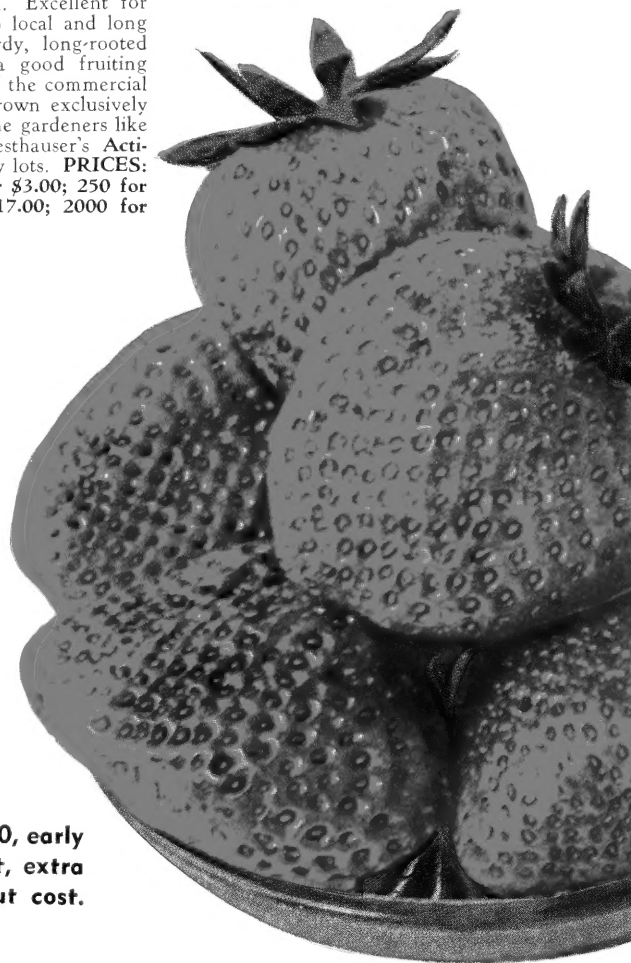

POPULAR

ALL WESTHAUSER'S HARDY

◀ **PREMIER**

A favorite from coast to coast for over 20 years. It is the all-purpose Strawberry. One of the earliest to ripen. This alone makes it a prize money-maker. The berries are large, beautiful red, very firm, fine texture and flavor. Hold their size to the last of the season. Excellent for freezing, canning, eating fresh, also local and long distance hauling. Big yields. Sturdy, long-rooted plants, drought resistant. Makes a good fruiting row on any kind of soil. In some of the commercial Strawberry growing sections it is grown exclusively and deserves all its popularity. Home gardeners like it too. Get started right—buy Westhauser's Activated Plants. Big savings on quantity lots. **PRICES:** 25 for \$1.25; 50 for \$1.95; 100 for \$3.00; 250 for \$6.50; 500 for \$9.50; 1000 for \$17.00; 2000 for \$32.00.

◀ **SPARKLE**

Outstanding midseason Strawberry! Ripens about 10 days after Premier. Truly a beauty. Its glossy, rich red coat fairly sparkles. Berries are fine quality, round, medium large, firm, solid red color, excellent fresh or canned—splendid for freezing. Vigorous, healthy plant growth; good plant maker; good market berry. Immune to red stele. Productiveness ranks with Premier and Catskill at their best. Few varieties can claim so many fine characteristics. Introduced by the New Jersey Experiment Station, does well anywhere.

PRICES: 25 for \$1.25; 50 for \$2.00; 100 for \$3.50; 250 for \$7.50; 500 for \$11.00; 1000 for \$17.00.

FAVORITES!

NORTHERN GROWN STOCK

TEMPLE ►

A splendid new variety, with a host of good qualities. One of the first to ripen, hence **early cash profits**. Not choosy about the soil, grows on practically any type, even does well on moist, poorly drained soils, and is equally successful on higher upland soils. Home gardeners will welcome this fine, easy to grow variety. Excellent fresh or canned. Put some in the deep freeze for that quick dessert with a taste appeal. Temple is definitely a good commercial berry. Ranks among the first in productiveness. Solid enough for long distance shipping. The attractive appearance of this medium to large, early, bright red berry **brings top prices**. Unlike many fine producers it is not lacking in flavor; in fact, it is tops in flavor and quality. Exceptionally vigorous grower, frost resistant, makes plants freely, suggest you space it 18 to 24 inches apart in the row. **Don't wait—order now. PRICES:** 25 for \$1.25; 50 for \$2.00; 100 for \$3.50; 250 for \$7.50; 500 for \$11.00; 1000 for \$17.00; 2000 for \$32.00.

GIANT SPRING BEARER ROBINSON

It's sensational—glossy, scarlet-red to the heart. Juicy, sweet mild flavor. Giant sized berries are firm, excellent for shipping. Ripens early. Bears over long fruiting season. No doubt about it—Robinson is the fanciest, most attractive berry ever introduced. None have surpassed it for canning—preserving—fresh frozen. Thrifty plant maker, places its runners profusely—makes an ideal picking row. Foliage beautiful light green color. Giant Robinson's delightful aroma and fancy appearance attracts both housewife and commercial buyer. Reap big cash returns. **PRICES:** 25 for \$1.15; 50 for \$1.90; 100 for \$2.95; 250 for \$5.25; 500 for \$9.70; 1000 for \$14.50; 2000 for \$26.00.

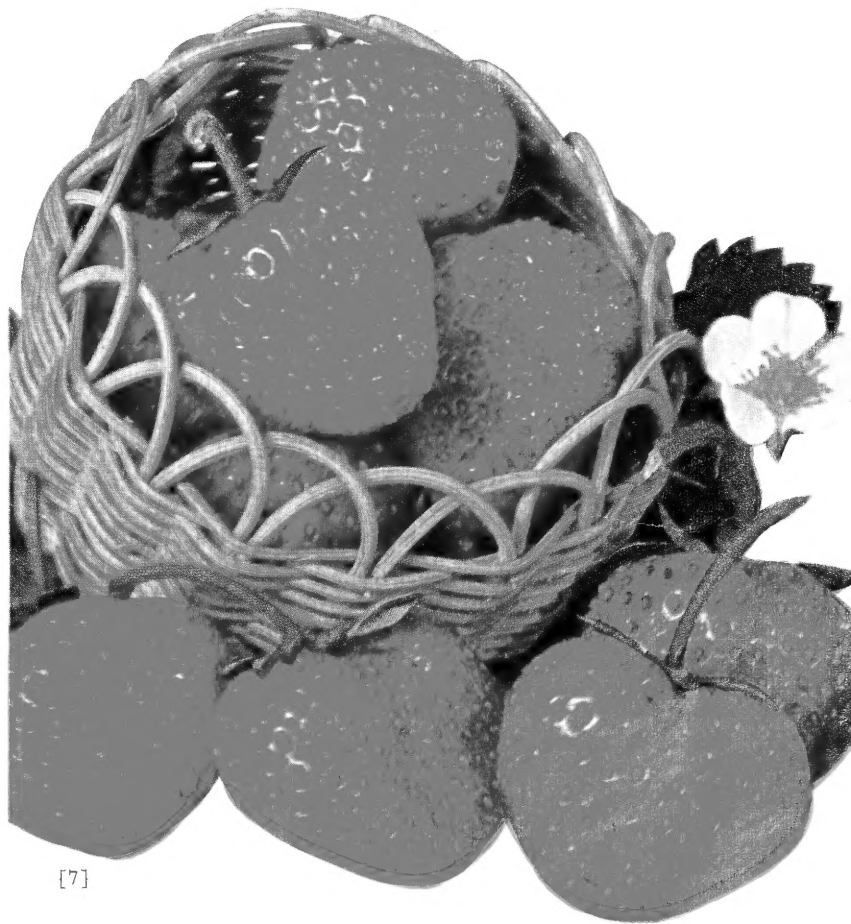

CATSKILL

The nation's No. 1 midseason berry. Plants vigorous, healthy and very productive. Often outbears Premier. Not only is the yield greater than most leading varieties, but it produces a larger quantity of big berries. These solid, light red berries with fresh green caps are most attractive and very showy in the packages. Excellent shipper. Good flavor. Sells well. **PRICES:** 25 for \$1.25; 50 for \$2.00; 100 for \$3.50; 250 for \$7.50; 500 for \$11.00; 1000 for \$17.00.

FAIRLAND ►

(USDA 3205)

Fairland is outstanding in so many fine respects, its paramount feature being **disease resistance**. Healthy, vigorous grower. Heavy dark green foliage protects the flowers borne on short stalks, making it **frost resistant, too**. Equals Premier in productiveness. Medium to large, bright red berries have a glossy finish. Ripens uniformly a few days earlier than Premier, and somewhat firmer. Flavor slightly tart. One of the finest for fresh freezing. **PRICES:** 25 for \$1.25; 50 for \$2.00; 100 for \$3.50; 250 for \$7.50; 500 for \$11.00; 1000 for \$17.00.

Outstanding Varieties

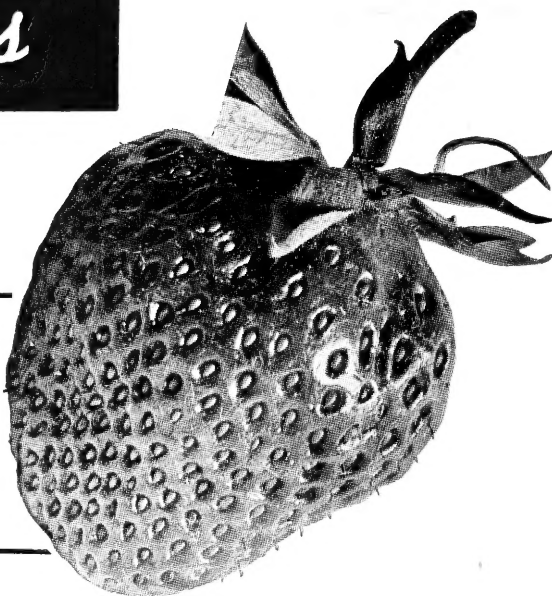

FLUXAMA

Was originated in the Orient. It is the largest Strawberry ever grown. Some berries measure 7 inches around, and weigh up to 2 ounces. These large, sweet, delicious berries are excellent for home use and nearby markets as they are almost too large for long distance shipping. Makes a beautiful plant and picking row. Very productive. Ripens midseason to late and holds its size well until the end. (Prices in block at right.)

GREAT MASTER

Prolong your fruiting season with Great Master. Get top prices for these fancy berries when others are gone. After watching this berry and putting it to the most rigid tests, we were amazed to find Great Master, a seedling discovered fruiting years ago, has really exceeded our fondest hopes. It has a superb flavor of its own, outbears other spring berries two to one. The plants are large and thrifty, making many runners, but spacing their plants far enough apart to insure large size berries. They ripen about 3 weeks after Premier, and mature every berry to full size. Plant GREAT MASTER now and be the first in your locality to grow this outstanding wonder berry. (Prices in block below.)

STRAWBERRY PRICES

	25	50	100	250	500	1000	2000
Great Master . .	\$1.75	\$2.90	\$4.50	\$9.50	\$15.00		
Dunlap . . .	1.15	1.55	2.50	4.50	7.50	13.00	22.50
Vermilion . .	1.35	2.20	3.70	7.90	12.00	20.00	

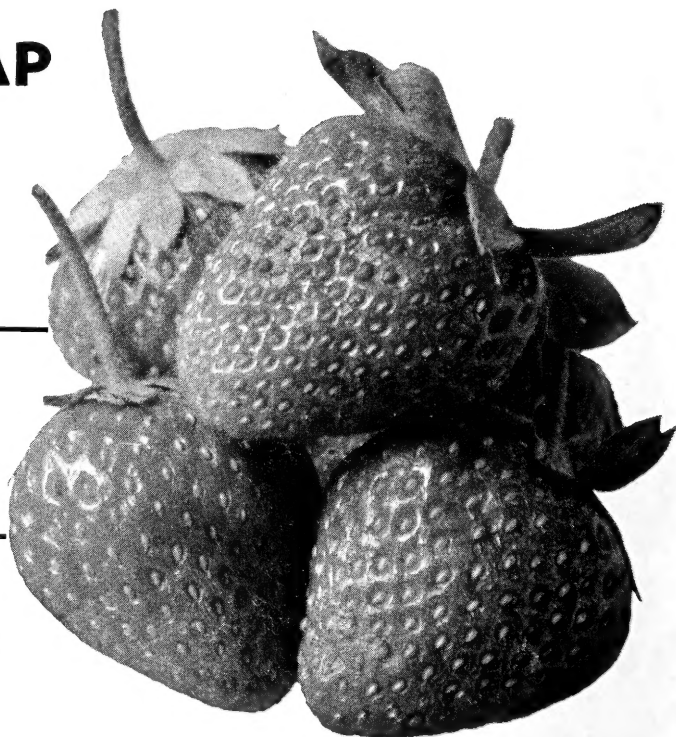

DUNLAP

The old favorite. Dependable midseason to late, berries medium to large, conical and often slightly necked, dark crimson, with deep red flesh; quality very good. The plants are healthy and vigorous, very productive, grows on all types of soil and in extremely cold climates. One of the best canning varieties. It can be shipped to far distant markets. Holds up for a long time after picking. Comes into bearing a few days after Premier. (Prices in block center of page.)

VERMILION

A glossy dark red Strawberry. One of the newer springbearers. It's up at the top of the list in quality, fruit production and freezing. Fruit medium to large. Vigorous grower. Resistant to leaf spot and red stele. Supply limited. (Prices in center block.)

**YOU ARE ASSURED OF BETTER PLANTS WHEN
YOU BUY DIRECT FROM THE GROWER**
See Our Discount Offer and Guarantee on Page 10

Westhauser's GRAND CHAMPION

All its name implies. Truly a "Champ." Bears over 40 days. Rich color. No finer quality at any price. **It's an exclusive Westhauser introduction**—well deserving of its ever-increasing popularity. The extra large, bright, rich red berries are unusually attractive. Really in a class by themselves for flavor, fresh or preserved. They retain their shape and flavor in the can. They are coreless. Put some in your deep freeze so you can enjoy their delightful goodness long after the season is past. Crop failure on account of frost practically impossible, as the tall mass of foliage protects the blossoms from late freezes. **Heavy producer.** During harvesting we picked over 1920 quarts from one-seventh of an acre—the equivalent of 13,400 quarts per acre. Try some. You will be amazed at this wonderful berry. **PRICES:** 25 for \$2.00; 50 for \$3.75; 100 for \$6.75; 250 for \$14.50; 500 for \$23.00.

GOLDEN GOOSEBERRIES

Hardy Plants - Quick Growing Heavy Production

The berries are very large with a delicious flavor. Their greenish yellow color turns to pink when fully ripe. Plants are hardy, vigorous growers; bears young and annually on sturdy bushes. Plants will last for years with very little care. Very good for pies. **PRICES:** 90c each; 3 for \$2.15; 10 for \$6.75; 25 for \$16.00.

Red Lake CURRANTS

Outbear Others Two to One

Double your crop and profits by raising these big, very productive Currants. Bushes thrifty and exceptionally hardy, easy to grow. The berries are dark red in color, and being borne on long, well-filled bunches are a pleasure to pick. Originated in the Northwest where the temperature goes 40 degrees below zero. They ripen in early midseason and last over a long period.

McDonald ALL-RED TENDER RHUBARB

Strawberry-red MacDonald—the last word in Rhubarb. Prof. L. G. Bunting of the MacDonald College in Quebec, Canada, where it was originated says: "It is very highly colored, a dazzling, attractive red stalk, of large size, productive, very tender and succulent, and of excellent quality; particularly valuable for pies and desserts." Its color, when cooked without peeling, is as

attractive as that of Raspberries. Not grown from seed. Plants propagated by division. Try some this year. You will like it.

Express Agent, Sawyer, Michigan

**YOU Benefit
By These Advantages!**

- **PACKING HOUSE WITH REFRIGERATION** is your assurance of plants arriving in A-1 condition as all of our nursery stock is **fresh dug—pre-cooled** in our spacious cooler—then shipped direct to you.
- **UP-TO-THE-MINUTE FARM EQUIPMENT** assures you of getting only the **finest fully matured plants**, as our modern farm equipment enables us to get our nursery stock in the soil in proper planting season, giving it a lengthy growing season, in which to mature fully.
- **WITH OUR LARGE SCALE IRRIGATION SYSTEM** we are (even in drought seasons), always able to produce **healthy, extra heavy rooted, quality stock** for you.
- **CROP ROTATION.** Healthy, sturdy, northern grown nursery stock is the result of our years ahead plan with definite crop rotation and in conjunction with this we maintain a large herd of steers to produce the highest fertility, which in turn goes directly into the plants you receive from the Westhauser Nurseries.
- **HARDY NORTHERN CLIMATE.** Our northern climate in the great Michigan Fruit Belt is ideal for growing thrifty, hardy nursery stock, being located so near Lake Michigan, which puts a damper on our winters making the climate such that our nursery stock is practically dormant until late in spring. Bear in mind, Mr. Fruit Grower, plants that are dormant so late in the season have little foliage and carry well in transit, that is one of the reasons why our plants can be shipped long distances with the best of results.
- **GET THE BEST AT NO EXTRA COST.** In spite of rising prices, with the modern facilities mentioned above, we are able to keep our costs at a bare minimum.

ORCHARD and NURSERY INSPECTION

Certificate of Nursery Inspection No. 3397

This is to certify that the nursery stock of Westhauser's Nurseries, Sawyer, Michigan, has been examined and found to be apparently free from dangerous insects and dangerously contagious tree and plant diseases. Fee paid, Chas. Figy, Commissioner. This certificate is to be void after September 15, 1953. Bureau of Agricultural Industry, C. A. Boyer, in charge of Orchard and Nursery Inspection, Lansing, Michigan, August 19, 1952.

WESTHAUSER'S BROAD GUARANTEE

We **guarantee** our nursery stock to be first class in every respect, free from disease, true to name, and to leave our packing house in good condition. We will, at our option, either replace free of charge or refund your money on any shipment which arrives in bad condition, providing claim is made within five days after arrival of shipment, with a signed statement from your express agent or postmaster, showing the extent of damage. It is mutually agreed between customer and ourselves that we cannot be held liable for any amount greater than the original purchase price. Our stock is carefully handled and full of vitality and under ordinary conditions should grow for you. Report any error on our part immediately upon receipt of shipment. We will not entertain any claims entered after July 1st.

HOW TO ORDER

WHEN TO ORDER:

Now, upon receipt of this catalog, or as soon thereafter as possible, so we can reserve the stock you wish. Orders are booked in the rotation they are received, and we ship as near date requested as possible, according to weather conditions. Shipping begins usually early in March to latter part of May, and first of October to latter part of December, weather permitting.

HOW TO ORDER:

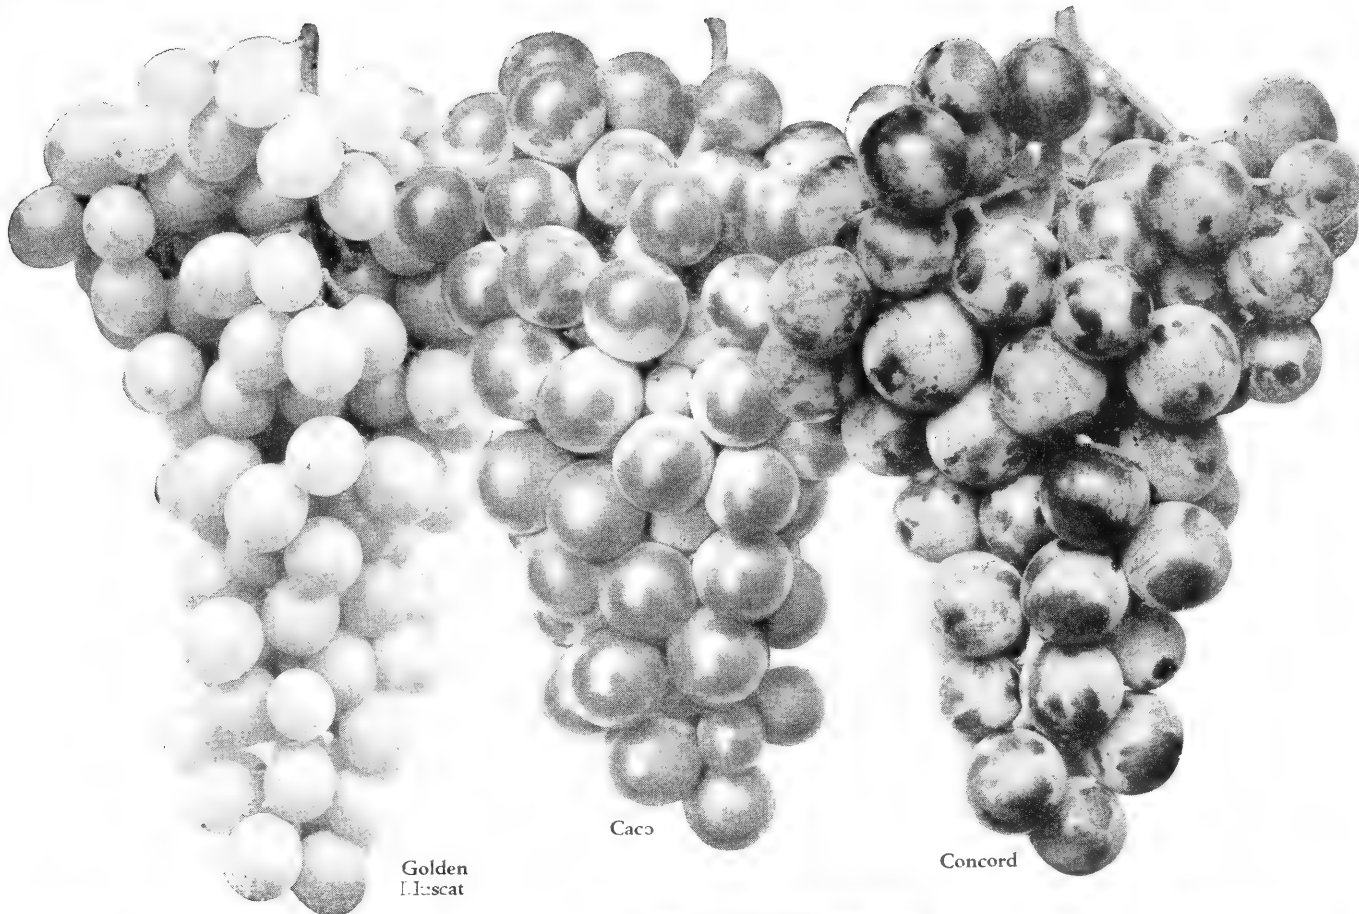

An order blank is provided herewith for your convenience. Fill out clearly and be sure to **print or write your name and address plainly**, thus avoiding errors and delay. Remit by cash, money order or check. If cash is remitted be sure to register letter.

PAYMENT AND TERMS:

Cash with order, or if your order amounts to \$5.00 or more we will book same with 25% down payment, and balance 10 days before you wish your stock shipped.

DISCOUNT:

Orders received before February 10th, excepting those marked net, no discount, with full cash enclosed, are subject to 10% discount. Either deduct this amount from your remittance or select extra nursery stock for the amount. (We assume no obligation to refund, if you fail to deduct it). All prices are F. O. B. Sawyer, unless otherwise stated in catalog.

For a Big Profit

GRAPES

For a Sure Crop

NIAGARA

The leading commercial White Grape. The compact bunches of large, fine-flavored, juicy berries are in big demand for table and wine. Very productive and hardy. Ripens about the same time as Concord. (Prices below.)

FREDONIA

This new variety threatens to displace all other black Grapes. A new, very early Grape, originated and thoroughly tested by the New York Experiment Station. The clusters and berries are large, with excellent flavor. Ripens fully 10 days before Moore's Early. Excellent shipper, does not crack. This Grape fills a long-felt need—a juicy, delicious black Grape that ripens early. Vine vigorous and productive. One of the best new varieties. (Prices below.)

CONCORD

Most popular Grape for eating, table use, wines, jams, jellies and commercial. Grows on all kinds of soil, and produces larger crops. The bunches are large, compact and well-shaped; berries are dark blue and very juicy. Plants are exceptionally hardy. Fruits in October. Here in the heart of the Fruit Belt thousands of truck loads are shipped annually. Order now. Stock is short. (Prices below.)

PRICES FOR CONCORD, NIAGARA, and FREDONIA

	1-Year	2-Year	3-Year
3	\$ 1.20	\$ 1.50	\$ 2.10
10	3.25	4.00	6.50
25	6.75	8.25	14.00
50	11.25	14.00	26.00
100	18.00	22.00	

DELAWARE

Berries are compactly set, light red, sweet as sugar, delicious. A favorite dessert Grape, and among the very best red varieties; sweet, tender and juicy. Good keepers and shippers. PRICES: 2-yr., 3 for \$1.50; 10 for \$4.00; 25 for \$8.25; 50 for \$14.00; 100 for \$22.00.

CACO

This variety is considered the best and hardiest amber-red ever produced, the bunches being very large and the berries comparable to the new Fredonia. In quality Caco ranks among the best of the native Grapes approaching in flavor European Muscat rather than the foxiness of native Grapes. PRICES: 2-yr., 3 for \$1.50; 10 for \$4.00; 25 for \$8.25; 50 for \$14.00; 100 for \$22.00. 3-yr., 3 for \$2.10; 10 for \$6.50; 25 for \$14.00; 50 for \$26.00.

GOLDEN MUSCAT

This new hardy, California-type Grape can be grown in every section of the country. Berries are large, sweet and meaty. Ideal for home use and roadside stands. Compact bunches are large, heavy, broad shouldered, and tapering. Very productive. Like a fertile soil. PRICES: 2-yr., 3 for \$2.75; 10 for \$8.00; 25 for \$19.00. 3-yr., 3 for \$3.25; 10 for \$9.50; 25 for \$22.00.

Seedless Concord

After years of experimentation and cross-breeding, a perfectly hardy, seedless Grape has been developed. The first of a new race of Grapes that should eventually replace the common large seeded varieties for table use. It is the Concord type, but slightly smaller, blue-black in color and possesses the same fine flavor found in the Concord Grape. PRICES: \$1.25 each; 3 for \$3.00.

Seneca Skinless

Just a nice tender munch and a sweet, juicy crunch; no skin to worry about—that's Seneca Skinless California Grape. It is the newest of the California-type Grapes, and has this important quality of edible skin. Flavor sweet, melting, delicious; vine vigorous and productive; bunches well fill'd and attractive. PRICE: \$1.25 each; 3 for \$3.00.

Quick-Fruiting Fancy Grape Collection

Westhäuser's **GIANT HYBRID** *Blueberries*

"Big as Nickels"

Best Investment of a Lifetime for Enjoyment and Profit. **Great big, juicy, Hybrid Blueberries** are a joy to eat. Use them fresh or cooked. Tasty and colorful in desserts or salads—in muffins, yum! yum! They are mighty good fresh frozen, and for something delightfully different can them with a few spices, a dash of cinnamon, a bit of whole cloves, etc., like you do your spiced Peaches.

Giant Hybrid Blueberries are a pleasure to pick. The bushes grow 6 to 8 feet high. Berries are 2 to 3 times larger than common Blueberries, so compact they actually resemble a bunch of Delaware Grapes. Start fruiting in July, continuing on to September. Blueberries hang on the bushes exceptionally well after maturity, better than most small fruits, so that picking once a week is usually often enough.

Average yield for full bearing plants under good conditions is from 2000 to 3000 quarts per acre, although occasionally much higher yields are obtained. Rich harvests ranging from \$1,000 to \$1,500 per acre are not uncommon. It's the commercial grower's dream come true.

Cross Pollenization: At least 2 plants should be planted together for cross pollenization. Can be same variety. This insures more and larger berries.

VARIETIES

- **Rubel.** Early bearer. Very hardy bushes, producing large, uniform berries beginning in early July. Has a long fruiting season.
- **Rancocas.** Midseason bearer. One of the oldest Blueberries. Ideal berry for home use.
- **Jersey.** Giant of the Blueberry family. Bears giant, sweet berries very late in season. Plant all three and prolong your fruiting season. Blueberries are very easily grown, but like an acid soil.

All Blueberries are packed in Gro-Kwick, a nitro-organic humus. Use it in planting your berries. For additional Gro-Kwick, see description and price at right.

SIZES

2-year, heavy rooted transplants, well branched.

3-year, heavily branched canes with well-established root systems, setting of some fruit buds.

5-year, loaded with fruit buds, and well-branched plants, extra heavy root systems. Will bear a crop the first year.

For Quick Results Plant Giant 7-yr.-old Transplants

Loaded with fruit buds, well on its way to full maturity. Will bear crop the first year, often paying more than cost of plants. 7-year. Prices: 2 for \$7.50; 4 for \$14.00; 10 for \$32.50.

• ORNAMENTAL and PROFITABLE • BEAUTIFUL • LAST A LIFETIME

FOLKS!

Blueberries deserve a place on your grounds. No replanting in a few years—once planted, they last a lifetime, and need very little attention. Use them in your landscaping—surpassed by none as an ornamental. Lovely in spring with pink bell-shaped blossoms. All summer their heavy foliage is a highly polished bright green, in autumn the leaves turn a gorgeous coppery red. These disease-free plants can be easily trimmed, making beautiful hedges or group plantings. Along with their beauty comes production. What a pleasure to pick fresh, large, juicy Blueberries from your own bushes—beautiful to look at—delicious to eat. Could one ask for more?

How to Grow Blueberries Successfully

Make an opening three or more times larger than the roots, large enough to receive all the roots without crowding. Mix the dirt removed from holes, half and half with Westhauser's Gro-Kwick Acid Peat, or some acid material such as decayed leaves, rotten straw or vegetable refuse, firm this well around the roots of the plants. We recommend that a handful of sulphur be put around each plant in the spring. Give the one-year plants one-half ounce of Sulphate of Ammonia, for the older plants increase one-half ounce for each additional year. Do not let the Sulphate of Ammonia get in contact with the foliage. This can be purchased at your local feed store, and is very inexpensive.

TO ACTIVATE YOUR SOIL ADD *Westhauser's* GRO-KWICK

Ideal for Blueberries—excellent for house plants. Does wonders for shrubs and flowers. Better results from all your plantings. Clean, odorless, highly vitalized—consists of humus, nitrogen, phosphate and other minerals. Holds 15 to 20 times its own weight of water. Mix

one-fourth Gro-Kwick with soil when planting and get better results. Shipped to you in strong useful Plastic Bags so handy for the refrigerator or deep-freeze, as purposeful as the peat itself. Prices: 1 bag, 1/2 pk., 49c; 2 bags, 1 pk., 85c. If ordered separately allow 30c per bag for postage.

The Old Favorites

Westhauser's .

CUMBERLAND

THE LEADING COMMERCIAL BLACKCAP

Get the most for your money, plant Westhauser's heavy producing Cumberland, one of the foremost, most dependable of all Blackcaps. Does exceptionally well in all climates. Produces biggest cash crops. Buyers pay top prices for this beautiful, most attractive, large, jet-black Raspberry. The seeds are comparatively small, and their luscious, sweet, rich, tempting flavor make them a favorite to eat fresh or canned. Delicious fresh frozen. Will grow and thrive excellently on any kind of soil. It is the firmest of all Blackcaps, does not crumble, holds its size to the end better than any of the Raspberries of today. **Prices page 15.**

Mammoth Size MORRISON

You will be attracted, as was the originator, by all of the unusually fine qualities of this outstanding Blackcap—the mammoth sized berries, glistening jet-black color, rich flavor, so few seeds, heavy producer. Berries even larger than Cumberland, measuring up to an inch in diameter, hold their size to the last picking. The thrifty, strong hardy plants are heavy rooted and disease resistant. Easy to grow, will thrive on any well-drained soil. Especially excellent for canning, jam and juice, as well as fresh and fresh frozen. The trend of the market is very active and the supply limited. Just a little hint, order early and avoid disappointment. **Prices page 15.**

LOGAN

Prolong your fruiting season—increase your profits with LOGAN. Unquestionably the finest early Blackcap. Berries are deliciously sweet flavored, firm, uniform, large, glossy black, ripening about 10 days earlier than Cumberland. Bears heavily. Gives the grower a chance to make some real money. Particularly liked by home gardener and commercial grower for its drought and disease resistant characteristics. We have a thrifty lot of well-rooted plants. Include some of these fine plants in your order today. **Prices page 15.**

...the New Successes...

• BLACKCAPS

The New Improved DUNDEE

**THE BLACKCAP THAT IS COMING
INTO THE CHAMPIONSHIP CLASS!**

This outstanding variety was originated by the New York Experiment Station. Throughout the Raspberry growing states it is getting to be the prevailing berry. It ripens from 5 to 7 days ahead of Cumberland, producing a very firm deep black berry. It never fails to produce a bumper crop, and in many cases will outbear the older varieties at least two to one. The berries are exceptionally firm and sweet with few seeds, certainly a delight to eat from the hand, so large, takes only a few for a rich luscious, tempting mouthful. Excellent for freezing, canning; delicious for jams and jellies. We believe the Dundee is the most disease resistant Raspberry that we have ever grown. It produces in any type of soil. Don't neglect, order now and reap the harvest of this outstanding berry.

SATISFIED CUSTOMERS—ALL OVER

Quality Stock: D. E. Try of Pennsylvania says: "Thank you very much for sending such beautiful trees. I am well pleased with them. They are all growing. You would never know they were transplanted."

Well Pleased: A. W. Rogers of Washington writes: "Received your shipment all in good shape. Am very well pleased."

Good Investment: K. McCarty of Colorado writes: "The Strawberry plants I purchased from you last year all did fine and we had some wonderful berries off of them."

Record Time: W. Bouman of Kentucky writes: "The plants came through in fine shape and record time."

Westhauser Best: P. L. Kleiser of Indiana says: "Of seven nurseries supplying stock the order from Westhauser was the nicest in both size and care in shipping."

NEWEST

Introduction

EARLY

**A NEW DEVELOPMENT BY
THE MICHIGAN STATE
DEPT. OF AGRICULTURE**

Ripens Early

The Raspberry with a Future

As its name suggests Early Red ripens early in the season. The lustrous red berries are large, rather round and firm. Excellent flavor. Very productive. Bears over a long fruiting season. Retains its good color, shape and flavor in the canning process. Freezes as well as Latham, the leading commercial variety. Plants are upright, tall, hardy, vigorous growers. Leaves are large, ridged, dark green on the upper surface, very silvery underneath. Good shippers. Limited number of plants available—a word to the wise—"order early," and be sure you will get the plants you want.

Westhäuser's

**HARDY
NORTHERN
GROWN**

LATHAM

Latham is the leading medium to late commercial variety. For extra value plant Westhäuser's dependable proven strain. Home gardeners everywhere are delighted with the fine qualities of Latham. It thrives on all well-drained soil, produces heavily in all localities. It's very hardy, does not winter-kill even at 45 degrees below zero. Berries are large, plump and sweet. It is not uncommon for them to measure an inch in diameter. Color is a beautiful

rich dark red. Carries well in shipping. The rich coloring of these firm, fancy berries makes such an attractive package, buyers are so eager to get them often pay as much as 50c more per crate. Folks, there is nothing more delicious than Raspberries fresh from your own garden. Saves on the food budget, too, sell the surplus to your friends and neighbors. For pies, shortcake, sauce, jam, freezing and fresh juice, they are delicious. Include Latham in your planting this year. (Prices in block below.)

RA-PID-GRO

The Miracle Plant Food

Keep a Yard of Beauty with a Few Gallons

RA-PID-GRO is a complete concentrated plant food formula containing Vitamin B-1 and B-2 plus 11 other plant food elements. No fuss—no muss—just add water at the rate of 1 lb. of Ra-Pid-Gro to 22 gallons of water. Dissolves at once and—Pronto!—it is ready for use. If smaller amounts are desired, mix 1 tbs. to 1 qt. of water. Every bit is 100 per cent plant food, contains no inert materials. **Ra-Pid-Gro will work miracles** in promoting growth on all types of plants—known as "The Plant Blood Donor," because it is immediately taken in by the plant feeders and sustains life and develops growth. Use it around trees, evergreens, shrubs, perennials. Use it on your lawn—for vegetables—makes things "grow like a weed." **PRICES: 1-lb., bag, \$1.25; 2-lb. bag, \$2.35; 5-lb. bag, \$4.50 net, no discount.** Postpaid in Michigan, Ohio, Wisconsin, Illinois and Indiana. Elsewhere add 5c per lb. for postage.

SUNRISE

**Extra Early
Hardy—Flavorful**

Sunrise isn't new, but it is one of the better Red Raspberries. Appreciated for its earliness, hardiness, and mild subacid flavor. Truly a fine quality berry. The bright red fruit is almost as large as Latham, very attractive in the package or on the table. Ripens **extra-early**, about 10 to 15 days before Latham. The firm, fine-textured, non-crumby berries are easy to pick. One of its paramount features is its ability to withstand low temperatures. Sunrise is one of the hardiest of the Red Raspberry family, very thrifty, produces well on all types of soil. It is practically everbearing—all summer long, it has the unique habit of sending up new shoots loaded with fruit buds. Fruit has a delightful aroma, very juicy—so good fresh or canned. Know you will want to try some this year. (Prices in block above.)

RED

Bears Longest!

We offer you this marvelous new Red Raspberry with the utmost confidence, as it was developed by the Michigan Agricultural Experiment Station at South Haven. It is a cross between Lloyd George and Cuthbert. Recently released, but only after a long testing period, and a 10-year commercial test in famous Raspberry producing area. Not just another variety, Early Red has been tested and proven worthy of all we say about it. The very good flavor and long ripening season will win the favor of all home gardeners. Its early ripening ability will appeal to the commercial grower who knows the value of being first on the market, when production is usually smaller and prices higher. It's ready for you—this wonderful new early Red Raspberry. Positively tops for home and market. (Prices in block on page 16.)

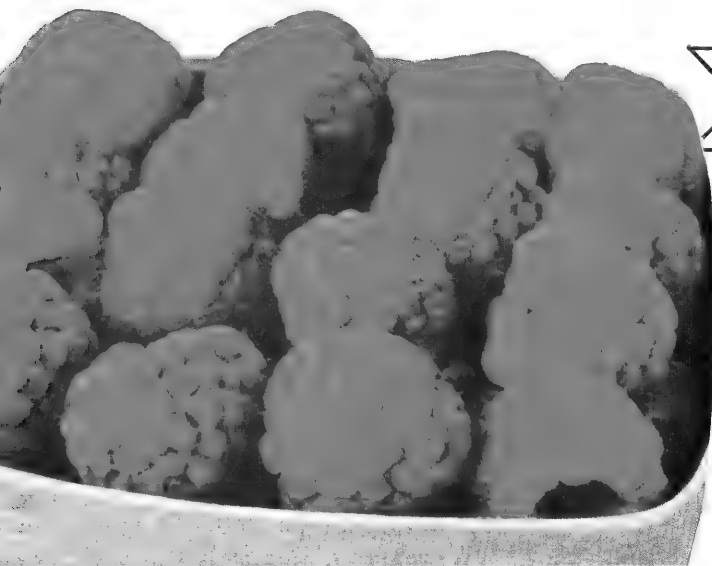

EARLY WONDER THORNLESS

Easy Pickin's!

A Westhauser EXCLUSIVE

Definitely a marvelous berry. Sturdy bushes have a silky smooth wood, no stickers, so easy to handle—a labor saver for both commercial grower and home gardener. Immense bright red berries are very firm, excellent shippers—a delicacy fresh, canned or fresh frozen. It has withstood every test—always a sell-out. Supply still limited. Order now! PRICES: 2-yr., No. 1, 75c each; 3 for \$2.10; 6 for \$4.00. Giant 2-yr., \$1.00 each; 3 for \$2.75; 6 for \$5.00.

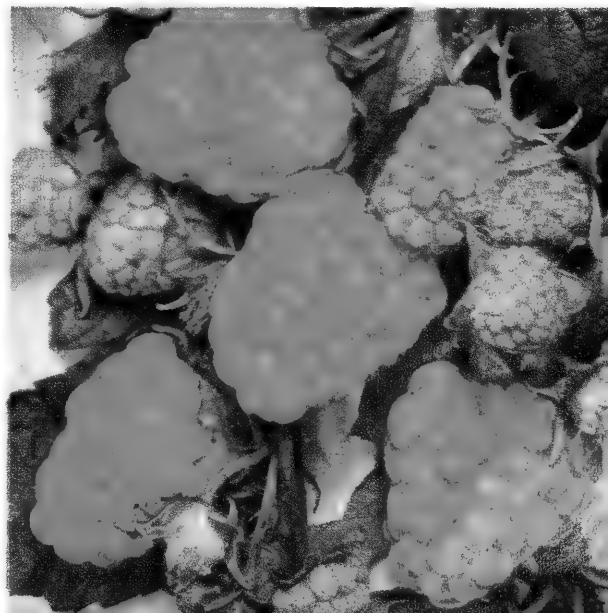

GIANT *Everbearing* INDIAN SUMMER

Two crops in one year. When partaking of some choice, deliciously flavored fruit, have you not often wished it would last longer? Indian Summer is your berry. It is one of the first to ripen, bearing a full crop in June—another immense crop in fall. The berries are mammoth conical shaped with small cavity, deep red color and highly flavored. The plants are hardy, tall and thrifty, require little care. In production will equal and outbear other Red Raspberries. Delicious fresh. Put some in your locker or deep freeze all winter. Can some for those unexpected guests, it will be a treat to them,

and a dessert worry off your mind. Attention commercial growers! Indian Summer are good shippers. Get premium prices for Raspberries out of season. DOUBLE BEARING — DOUBLE PROFIT. (Prices in block at left.)

THE "GREAT FAVORITES" BLACKBERRIES

ELDORADO

Best late Blackberry. Satisfies both home and commercial grower. Bears young, producing almost a full crop first year after planting. Sparkling, jet-black berries are large, sweet, uniform in size, and are practically coreless; do not turn red after picking. Hardy, vigorous, disease resistant, regular heavy producers. Fruits over long season, your assurance of big profits.

ALFRED

The practically coreless Blackberry originated in Michigan, the state that produces fruit with the flavor. The color is glossy jet-black, the flavor sweet and delicious, and it is nearly seedless and coreless. A hardy plant that produces mammoth berries often $1\frac{3}{4}$ inches long. It does equally well in cold sections. Why not include a few in your order and get started raising this profitable berry?

**ORDER EARLY

Westhauser TRULY REGAL Peonies

As sophisticated as Orchids—petals of gleaming satin or daintiest marquessette circling full feathered puffs—delicately Rose scented, invaluable for cut flowers where large flowers of rich coloring are needed. An almost endless number of blooms from May through June. In fall the beautiful glossy green foliage takes on the autumnal tints of vivid carmine, purple, amethyst and orange. No other hardy flowering plant endures the northern winters as does the Peony. Use singly or in group plantings, particularly lovely used as a low hedge as the Peony makes a rather dense growth. At home in almost any situation, naturalizing as readily in woodland copes as in formal gardens. Dig soil at least 18 inches deep, set so top eyes are 2 to 3 inches below the level after soil has settled. Plant early.

Best varieties selected by vote of the American Peony Society:

1. Madame Jules Dessert. White tinged with a very delicate pink. Late.
2. Festiva Maxima. White, rose fragrance.
3. Francis Willard. Blush-white suffused yellow collar. Large, perfect.
4. Alsace-Lorraine. Creamy white. Free bloomer.
5. Longfellow. Cherry-red. Good form.
6. Marquis Lagergren. Large bright velvety crimson. Midseason.
7. Monsieur Jules Elie. Glossy flesh-pink. Very compact, very fragrant.
8. Mary Woodbury Shaylor. Shell-pink, creamy yellow center. Midseason.

PRICES: \$1.00 each; 6 for \$5.00.

Specialties in Fruit Trees

DWARF TREES

Full Size Fruit Grows on These Trees

↙ Dwarf Apple

SAPA HYBRID PLUM

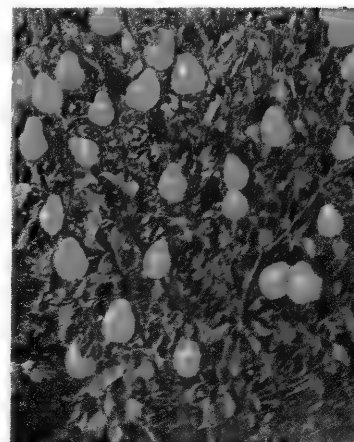

Juicy, sweet, freestone, red flesh. Often bears first year planted. Very hardy, produces enormous crops even in the coldest climate. The firm flesh and skin make it an excellent shipper and keeper. Sapa trees have a dwarf growing habit. Prices: \$2.25 each; 3 for \$5.95.

Sapa Plum

DWARF TREES

These hardy, productive trees bear abundantly, more fruit in production than an average tree. They are easy to prune and spray. Fruit is easy to pick. They usually bear the first to second year after planting. Quality of fruit is excellent for eating, preserving and freezing. Extremely attractive during early spring, loaded with gorgeous blooms. (This makes them two-fold—a productive tree and a beautiful tree-shrub.) An ideal planting for your limited amount of space. Get yours now. Supply limited. Compact, plant them about 15 feet apart, attain a height in the neighborhood of 10 feet. **APPLE.** Anoka, Red Delicious and McIntosh. Prices: \$3.25 each; 2 for \$5.75. **PEAR.** Dwarf Bartlett Pear. Prices: \$2.75 each; 3 for \$5.95.

FIGS Both Useful and Unusual

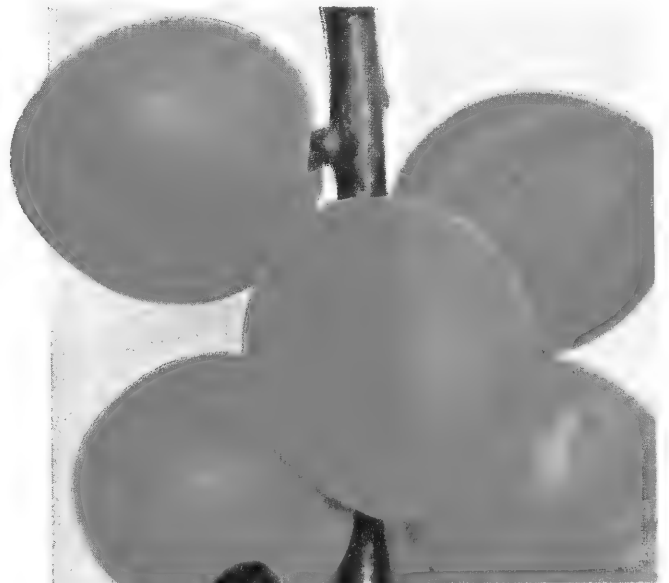

For better health eat more Figs. Grow your own. Texas ever-bearing ripens in June, continuing on until frost. Very productive and extra hardy. Can be grown anywhere, even if severe cold winter kills the tops, bushes will sprout up from the roots. Bears early, often same year planted. Fruit is large, the light golden colored flesh is meaty, sweet and delicious. Good to eat fresh, excellent for preserving and drying. **PRICES:** 2-year, 95c each; 2 for \$1.75; 5 for \$3.65.

Tart Sweet APRICOT

Enjoy extra delicious, healthful juice from golden ripe Apricots. The favorite Apricot. Large, roundish oval, orange color with a faint roundish blush cheek, yellow flesh. It is a perfect freestone of wonderful quality. Ideal for desserts, fresh from the tree, fresh frozen, dried or canned. The trees grow a little larger than the average size Peach tree and are just as hardy. Moorpark ripens the first part of August. A hardy, rare, fuzzless, practical, productive fruit. Plant this year. **PRICES:** 2-3 ft., \$1.50 each; 2 for \$2.70; 10 for \$12.50. 3-4 ft., 9/16 in., \$1.75 each; 2 for \$3.25; 10 for \$14.50.

NECTARINE

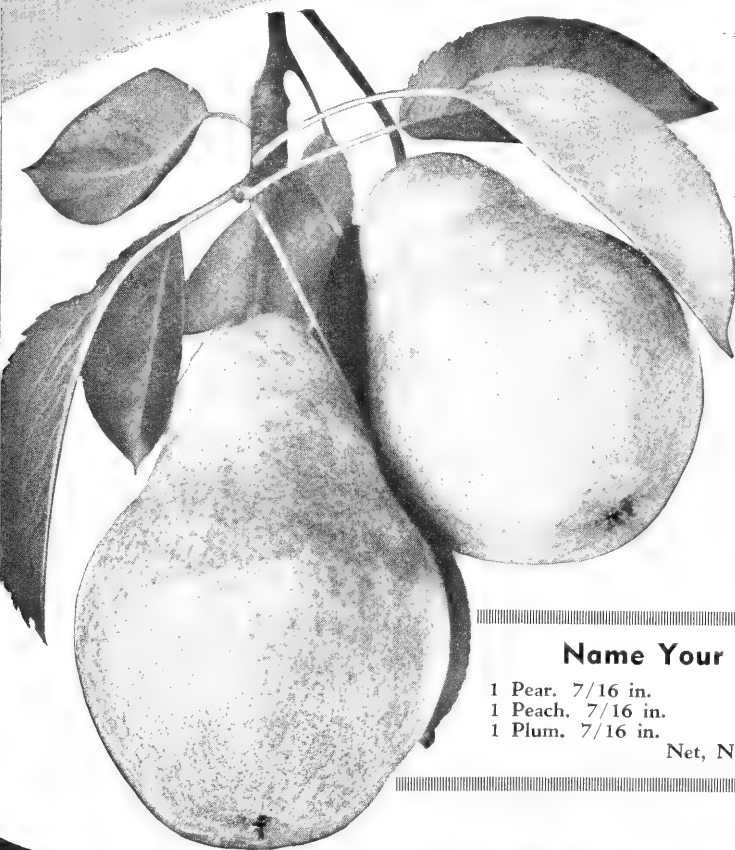

The fruit with the shape, size and flavor of a Peach yet minus the disliked fuzz, having a smooth skin similar to Plums. The Nectarine tree is as hardy as a Peach tree, requires the same culture, is self pollinizing and bears young. Nectarines, a freestone, ripen about the same time as Elberta Peaches. Their smooth skin of bright golden color with slightly red cheeks envelops a creamy flesh filled with rich juicy flavor, highly favored for canning or eating fresh. **PRICES:** 2-3 ft., \$1.50 each; 2 for \$2.70; 10 for \$12.50. 3-4 ft., 9/16 in., \$1.75 each; 2 for \$3.25; 10 for \$14.50.

Westhauser's **FRUIT**

HARDY NORTHERN GROWN PEACHES

Pears

BARTLETT The leading canning Pear. Large, golden yellow with a blush on the sunny side. Flesh tender, melting and juicy, with delicious musky flavor. Tree is vigorous, erect and bears abundantly. **PRICES:** 7/16 in., \$1.25 each; 10 for \$11.00; 100 for \$65.00. 9/16 in., \$1.50 each; 10 for \$12.50; 100 for \$80.00. 11/16 in., \$1.75 each; 10 for \$13.50; 100 for \$90.00.

KIEFFER Large, rich golden yellow tinted red. Bears largest, most consistent bumper crops. Wonderful keeper, a good long distance shipper. Tree hardy, very strong grower, bears at an early age. **PRICES:** 7/16 in., \$1.25 each; 10 for \$11.00; 100 for \$65.00. 9/16 in., \$1.50 each; 10 for \$12.50; 100 for \$80.00. 11/16 in., \$1.75 each; 10 for \$13.50; 100 for \$90.00.

SEEDLESS Juicy, sweet, packed full of rich flavor. No seed! No core! Just solid white Pear all the way through. Large as Bartlett. Waxy yellow skin with russet flecks and red cheek. Easy to can. Serve smooth halves or whole Pears for fine salads and desserts. Ripens 10 days after Bartlett. Usually bears when 3 years old, produces enormous crop. **PRICES:** 9/16 in., 4-5 ft., \$2.00 each; 3 for \$5.75. 11/16 in., 5-6 ft., \$2.50 each; 3 for \$7.50.

TREES

PEARS PLUMS

Peaches

✓ **REDHAVEN** Earliest dazzling all-red. Self-pollenizing. Ripens 3 weeks before Elberta. A sure hit and big money maker. Fruit is fine grained, medium size, freestone, smooth skin, rich in flavor, sweet and juicy. Excellent shipper. (Prices below.)

✓ **HALE-HAVEN** Large! Early! Freestone! Extremely high color. Colors few days before it is ripe on the trees; can be picked reasonably green for long distance shipping. Flesh yellow, juicy. Mild pleasing flavor. One of the best canning Peaches. (Prices below.)

✓ **SOUTH HAVEN** Golden yellow with a red cheek. Good juicy flavor. Wonderful canner and shipper. (Prices below.)

✓ **ELBERTA** (Midseason.) The standard of all Peaches. Outstanding the country over for both commercial and garden purposes. Very large. Yellow with red blush cheek. Highly flavored, and very juicy. Hardy, vigorous grower, does well in all Peach-growing sections. Ripens first part of September. (Prices below.)

✓ **FAIRHAVEN** A cross between J. H. Hale and South Haven. Ripens about a week before Hale-Haven. Trees are vigorous and very productive. Have the same fruiting tendencies of the Hale-Haven. Fruit medium large size. Color—bright golden yellow with red cheek. Skin smooth, fruit firm, excellent for shipping. Flesh medium yellow with moderate red color to pit. Flavor extra good. (Prices to your right.)

The Amazing PONDEROSA LEMON

The Most Wonderful House Plant

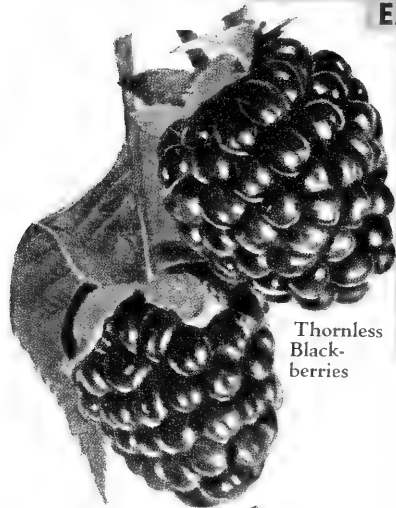

UNIQUE! INTERESTING! USEFUL!

Perhaps you have heard Paul Gibson describing these unique little plants over WBBM, or did you see John Ott display them on his TV program, "How Does Your Garden Grow?" You didn't? Well . . . let me tell you about these amazing miniature trees. Right now they are about 8 to 12 inches tall, have bright glossy-green foliage, at full maturity will be about 2½ feet high. The tiny waxy white flowers, appearing several times a year, have golden yellow centers, and a delightful Gardenia-like fragrance. The real thrill comes when you discover the tiny emerald-green fruits peeking through, almost as if by magic, and developing rapidly into mammoth sized, bright yellow lemons, often weighing up to 2 lbs. apiece. Very juicy . . . there's a host of uses for this wonderful juice. Rich in Vitamin C . . . so good for you. Easy to grow, just follow the simple instructions enclosed with each plant. You can get one of these unusual Ponderosa Dwarf Lemon trees, a colorful plastic pot that has a reservoir-like base for easy watering and plant feeding, a package of humus to mix with your soil when planting and a packet containing enough plant food for the first year, neatly packaged in cardboard container, all for just \$3.95, postpaid. (Additional plant-food may be purchased at 25c a packet.) At this special price you will no doubt want several of these interesting little trees.

NEW *Thornless* BERRIES

SMOOTH SILKEN CANES FOR
EASY PICKING

Thornless
Black-
berries

Thornless
Dewberries

Thornless BOYSENBERRY

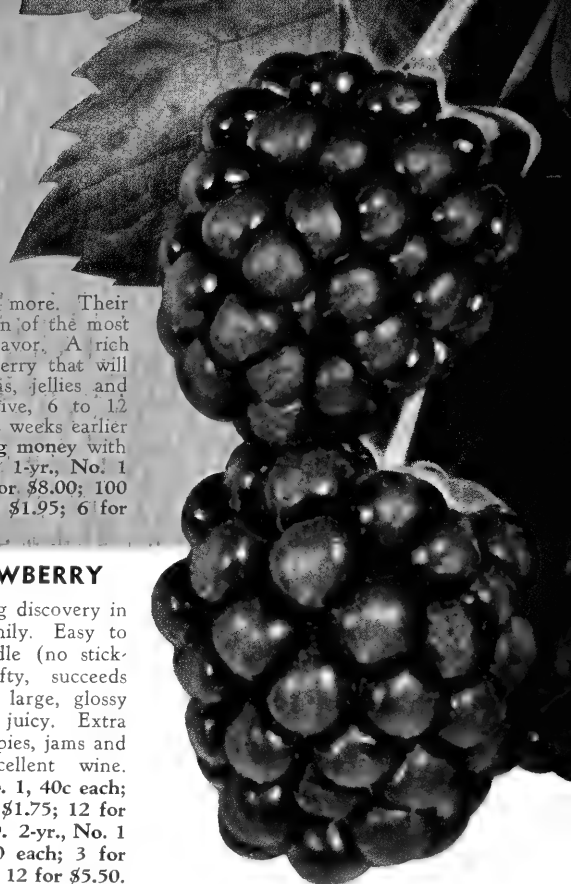

Mammoth sized berries often measure 2 inches or more. Their glossy, deep velvety maroon color attracts the attention of the most discriminating. A new taste thrill. Superb tangy flavor. A rich pleasing blend of Raspberry, Loganberry and Blackberry that will long be remembered. Fresh or canned in pies, jams, jellies and cordials. Mighty good fresh frozen! Very productive, 6 to 12 plants will supply average family. Ripens 10 days to 2 weeks earlier than regular thorny Boysenberry. Bring home the big money with Westhauser's proven heavy bearing strains. PRICES: 1-yr., No. 1 plants, 6 for \$1.60; 12 for \$2.95; 25 for \$4.65; 50 for \$8.00; 100 for \$13.50; 1000 for \$85.00. 2-yr., 75c each; 3 for \$1.95; 6 for \$3.00; 12 for \$5.50; 25 for \$11.00.

Thornless BLACKBERRY

Heavy producer, practically coreless, absolutely thornless. True outstanding Blackberry flavor. Vines similar to Grape vines, make rank growth, 8 to 10 feet. Deep green foliage, thrifty grower; be sure to get started now. PRICES: 1-yr., No. 1, 75c each; 3 for \$2.00; 6 for \$3.75; 25 for \$12.00. 2-yr., No. 1 fruiting size, \$1.50 each; 3 for \$4.00; 6 for \$7.50.

Thornless DEWBERRY

Another amazing discovery in the Thornless family. Easy to pick, easy to handle (no stickers), hardy, thrifty, succeeds anywhere. Berries large, glossy black, sweet and juicy. Extra delicious fresh, in pies, jams and jellies, make excellent wine. PRICES: 1-yr., No. 1, 40c each; 3 for \$1.00; 6 for \$1.75; 12 for \$3.00; 25 for \$5.50. 2-yr., No. 1 fruiting size, \$1.00 each; 3 for \$2.00; 6 for \$3.75; 12 for \$5.50.

HANSEN BUSH CHERRY

Stocky, Heavy-Rooted Plants Will Fruit Quick
A rapid growing ornamental—can be planted singly or in groups, makes a gorgeous hedge with its snowy white blossoms. Bush Cherry is hardy and easy to grow, will thrive on all kinds of soil. The Cherries are large and Plum-like—fine for eating fresh from the bush. They have a wonderful flavor, most outstanding for JAMS and JELLIES. The bush grows from 4 to 5 feet. Foliage is very attractive, silvery green turning to red and gold in the fall. PRICE: 24 to 36-inch plants, \$1.00 each; 3 for \$2.75; 6 for \$5.00; 12 for \$9.00. Large 3-year, extra heavy size, \$1.25 each; 3 for \$3.25.

SWEET NUTRITIOUS BUTTERNUTS

No better flavor than is found in the sweet, oily, nutritious kernel of the Butternut. This hardy, native tree, comely in form, stately in growth, enduring and resistant to storm, will put out its leaves in spring and yield its crop in autumn. Butternut trees start to bear young. They require no spraying. Old timers always say that nature made this Nut good enough so that there is no need for improvement. PRICES: 3-4 ft., \$1.00 each; 2 for \$1.95; 5 for \$4.50; 10 for \$8.00.

AMERICAN FILBERT - HAZELNUT

To ornament your lawn plant the family favorite nut producer. Attractive bush for tall hedging, very hardy which yields an abundant crop of tasty nuts, tender and of fine flavor. Will grow to size of small Peach tree.

PRICES: 18-24 in., 75c each; 2 for \$1.40; 5 for \$3.00; 10 for \$5.75. 2-3 ft., \$1.00 each; 2 for \$1.85; 5 for \$4.25; 10 for \$7.75.

Nature's Greatest Gifts TO MANKIND NUT TREES

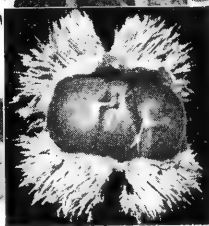

FOR PROFIT FOR BEAUTY FOR SHADE

THOMAS BLACK WALNUT

Thinnest shell, largest meat, best flavor. Plain facts in a nutshell—Thomas Black Walnut — the Improved Walnut have a comparatively thin shell, making cracking easy! Big delicious kernels, making them easy to pick from the shell, that have the true delicious Walnut flavor so desired for candies, cookies, cake, hot breads and topping many dishes! It is the most remarkable of all Nut Trees—bearing young (often 2 years after planting); a heavy producer; thrifty tree, grows almost anywhere. This profitable tree makes an ideal shade tree. Plant a Thomas Black Walnut Tree. PRICES: 3-4 ft., \$3.00; 2 for \$5.00; 5 for \$11.50.

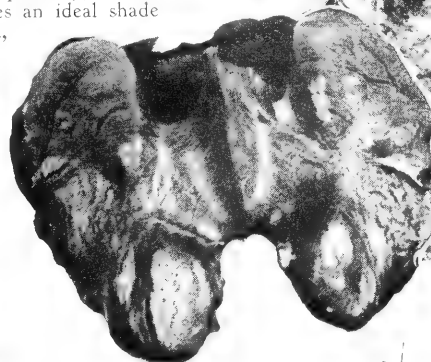

Chinese Chestnut

BLIGHT
RESISTANT

WONDERFUL
SHADE TREES

HIGHEST
QUALITY
NUTS

Thomas Black Walnut

New CHINESE CHESTNUTS

A new Chestnut with larger, better quality nuts. The trees we offer are blight resistant, and of only one quality—the finest grown. Not only do these trees produce large, delicious full-flavored Chestnuts at an early age, but their beautiful rounded, spreading branches rapidly develop into a lovely shade tree to grace any home lawn. Have the thrill of roasting Chestnuts from your own trees over an open fire. Try them boiled or roasted—delicious beyond description. Prices: 12-15 in., \$1.50 each; 3 for \$4.00; 10 for \$9.00. 2-3 ft., \$2.00 each; 2 for \$3.90; 5 for \$7.00.

BLACK WALNUT TREES

PRICES: 2-3 ft., 80c each; 2 for \$1.50; 5 for \$3.50; 25 for \$15.00.

Well known, very productive, easy to grow and hardy practically anywhere. Richly flavored kernels useful for many purposes. A beautiful lawn or shade tree, symmetrical dark green foliage which turns to a flaming coppery red after frost. High timber value.

Hardy Northern Grown PECAN

Just as hardy as Hickories, and should not be confused with southern grown stock. Our trees are Michigan grown and have withstood temperatures of 17 to 20 degrees below zero without injury. Ideal shade trees, practically immune from insects, and do not shed their leaves until late in fall.

PRICES: 2-3 ft., \$1.50 each; 3 for \$4.00; 6 for \$7.50. 3-4 ft., \$2.00 each.

EVERBLOOMING

Roses

**HYBRID
JUMBO SIZE**

The Crowning Glory in the Garden

Give lasting beauty to your garden. We have selected five of the better Hybrid Tea Roses that will produce a well-balanced colorful display. Sure to please. Easy to grow. Successful Rose gardens depend largely on obtaining good stock of worth-while varieties.

Etoile de Hollande. A brilliant dark velvety red Rose of perfect form and magnificent size. Considered the best red Rose, as it is very resistant to disease and leaf spot. These Hybrid Tea Roses bear their glorious blooms profusely from June until late fall.

Luxembourg. Noted for its quantity of deep yellow, rich fragrant blossoms. Vigorous bushes.

Condesa de Sastago. Cerise-pink with golden yellow petals on back. Exceptionally strong grower, very free flowering, has an alluring fragrance.

Pink Radiance. This rose-pink flower has a pungent, true rose fragrance. In continuous demand for its vigorous, healthy growth and remarkable freedom of bloom. One of the world's most dependable Roses, thriving everywhere.

Konigen Louise. (Not illustrated.) A perfect white Rose. Its long pointed, perfectly shaped buds open into magnificent blooms of breath-taking loveliness.

Westhauser's Roses will give you greater satisfaction. They come to you expertly packed in our special Gro-Kwick. Use this Nitro-Organic Humus in planting your Roses; they will produce faster, bloom freely and establish a stronger root system. **PRICES: Select, fancy, 2-yr., No. 1, \$1.15 each; 3 for \$3.15; 5 for \$5.00; 10 for \$9.50. Net, no discount.**

4 Popular CLIMBING ROSES

Thousands of blooms in a small space. Fences, trellises or arbors become aglow with vivid colors. Unsightly places are soon covered with luxuriant foliage studded with hundreds of colorful blooms.

FORMAL GARDENS

Beautify your home grounds with Westhauser's Grandeur Roses. What greater thrill than to walk into your own Rose garden and smell the delightful fragrance? What greater fascination than to see these colorful beauties blooming freely from spring to fall. Pick luxuriant bouquets all summer. Through the years you will be glad you planted Westhauser's Jumbo Hybrid Tea Roses.

The Living Fence - MULTIFLORA

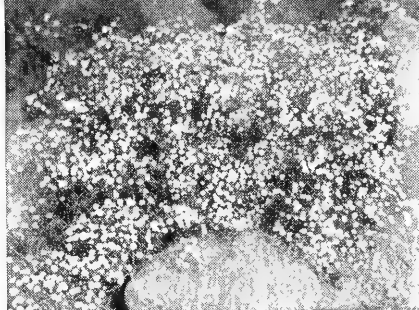

No wonder Multiflora Rose is fast becoming the most popular living fence, hedge or border. Used extensively on farms as a barrier for all livestock. Its density serves as a windbreak and snow fence. Wire woven and wooden fences are in fact being replaced by Multiflora fences at a saving of 60 per cent or more. Recognized and developed by U. S. Soil Conservation Service. Multiflora fences have been tested throughout the United States and proven successful.

So practical—yet so beautiful! The pale dusty pink profusion of blossoms in early spring, followed by large red berries which attract animal wild life, plus its gallant green foliage from spring until snow—add unforeseen beauty to your fields. Multiflora is very hardy, thrives everywhere and does not spread out, sapping the strength out of surrounding soil, making it easy to plant right up to this fence row. Needs no clipping, pruning, or training; grows naturally to fill the bill. Plant this worth-while Multiflora Rose for a beautiful living fence, hedge or border. It saves you money, serves many purposes, adds beauty worth millions. Plant 12 inches apart for an extra solid fence. **PRICES: 15-20 inches, 10 for \$1.30; 25 for \$2.65; 50 for \$4.75; 100 for \$8.00; 1000 for \$55.00.**

Top Quality Plants

DWARF PERENNIALS

1. PRIMROSE

New Hardy Hybrid Primroses. Large, 2-yr., field-grown plants in mixed shades, beautiful, delightful, dwarf perennial. Their colored blooms arise above their attractive, broad, silky green leaves adding charm to any planting. Excellent for border plantings and in semi-shady spots. Plant 10 to 12 in. apart. **PRICES:** 55c each; 3 for \$1.50.

2. ENGLISH VIOLET

Beautiful for all types of border or bed plantings. Broad, heavy foliage of a deep green. Flowers of an extremely sweet-scented, purple-violet, borne in profusion on graceful stems. Grows 6 to 8 inches high. Very hardy, will thrive under any conditions. For edging plant them 8 inches apart. **PRICES:** 40c each; 3 for \$1.10.

3. SWEET WILLIAMS

Everblooming! Imagine the most popular garden flower in full array of mixed colors, blooming consistently throughout the entire season, showing their beautiful colors in fancy patterns. The flowers are shaped, clustered and colored much like Phlox; markings being more shapely, definite. A mixture of delicate and beautiful colors. **PRICES:** 40c each; 3 for \$1.10.

4. PINKS

Such magnificent coloring! Treasured as much for their rich clove fragrance as for the abundance of attractively colored flowers in rose, pink, red and white combinations with occasional yellow. Free flowering, producing masses of graceful delicately fringed flowers borne on erect, slightly drooping stems about a foot high. Hardy, can be grown anywhere; enjoys full sunshine. Continuous blooms from early June for extended period. **PRICES:** 40c each; 3 for \$1.10.

SEMI-DWARF PERENNIALS

5. AQUILEGIA

Mrs. Scott Elliott's Long-Spurred Hybrid

Dainty, graceful Columbine. Exquisite form and coloring. Blooms in late May and June. Prefers partial shade. Splendid for cutting. Marvelous color range, bright pink, scarlet, light blues, yellow, many bi-colored. **PRICES:** 40c each; 3 for \$1.10.

6. BLEEDING HEART (Dicentra Spectabilis)

A most delightful spring-flowering plant. Graceful, heart-shaped, rose-colored flowers. Foliage attractive steel-blue-green color. Thrives in partial shade or full sun. Plants become larger and more beautiful each year. Attains a height of 2 feet. **PRICES:** 75c each; 3 for \$2.00.

7. BLUE GARDENIA (Campanula)

A rare beauty of deep blue, Gardenia-like flowers. Fits in anywhere from the formal border to the rocky ledges of the woods. Stalks of bloom reach a height of about 2 feet. Blooms May to July. **PRICES:** Nice sturdy plants, 75c each; 3 for \$2.00.

8. BABY'S BREATH

This new plant is ideal for borders and rock gardens. It comes into flower early in spring and continues throughout the entire summer. The flowers are double; first pure white, later, flesh-pink. Make wonderful bouquets alone or are beautiful in combination with other flowers. It's an everblooming perennial and will give continuous color. Hardy—will thrive on most any type soil, semi-shade or full sun. Grows about 12 inches high, as it gets older will spread to about 2 feet. Foliage light green, leaves pointed. **PRICES:** 40c each; 3 for \$1.10.

10. DELPHINIUM, Pacific Hybrid

This elegant strain of Delphinium is almost beyond description. Flower spikes 3 to 4 feet long, closely packed with individual flowers measuring from 2 to 3 inches across. Mostly two-toned double, ranging from lavender through deep purple, and blue through dark blue. Just the touch of color needed to make a charming planting complete. The plants are resistant to mildew. Stems are wiry and strong enough to resist high winds. **PRICES:** 45c each; 3 for \$1.10; 6 for \$1.95; 12 for \$3.60.

11. CARNATION (Crimson King)

This dazzling Red Carnation starts to bloom from 6 to 8 weeks after planting and continues until heavy frosts. After planting you will receive its spicy fragrance all during the summer and fall. It is perfectly hardy and the flowers are borne to the height of 15 to 20 inches. A flower garden is not complete without this beautiful Carnation. **PRICES:** 45c each; 3 for \$1.10; 6 for \$1.95; 12 for \$3.60.

TALL PERENNIALS

12. LYTHRUM, Morden's Pink

Ideal perennial border. Spike after spike covered with deep rose-colored flowers. A mass of blooms from June to September. Grows 3 to 4 feet high. **PRICES:** Thrifty, 2-yr., field-grown, blooming size plants, 50c each; 3 for \$1.25; 6 for \$2.25; 12 for \$4.00.

13. ANCHUSA

Attains height of 3 to 5 feet. Blooms during June and July. Leaves are very large, heavy and hairy. The flowering branches are sent out in all directions from the plant and bear large, loose clusters of giant Forget-me-nots of dark turquoise-blue. When planted in masses, Anchusas appear as a misty sea of deep blue when in bloom. **PRICES:** 60c each; 3 for \$1.50; 12 for \$4.75.

14. FOXGLOVE, Shirley Hybrid

The flower heads are over 3 feet long, crowded with big, bell-shaped blossoms. Colors range from white to shell-pink to deepest rose, many attractively dotted crimson or chocolate. **PRICES:** Strong, field-grown plants, 40c each; 3 for \$1.10.

15. DAY LILY

2-Year, Field-Grown Plants

Masses of beautiful, soft blue blooms hanging as loose panicles from heavy stems. Surrounding the flowers are the broad, pale green, fluted leaves, variegated by white bands and varied streakings. Noted and valued for its foliage throughout the entire season. **PRICES:** 40c each; 3 for \$1.10.

Dazzling Fall Color, MUMS....

Look! What Beauties! Feast your eyes on those magnificent colors! Blossoms! Blossoms! Everywhere—thousands on a single plant. Unless you have seen these gorgeous Azalea type Mums you cannot visualize their beauty; one plant a flower garden in itself, 500 to 1,000 blooms the first year, many more the next. How invigorating on chilly fall days—with summer blossoms gone—to have these autumn Queens impart to us the gift of each season—all the fresh-

ness of spring through the deep golden yellow—the bloom and glow of summer found in the pure snowy white and lovely rose-pink—and all the wealth of autumn colors intensified in the brick-red and outstanding bronze. Friends and neighbors will exclaim in awe at the warmth of color that dazzles the eyes. A pleasure to care for. These plants are extremely hardy, attaining a height of 1½ to 2 feet. Last almost a lifetime. Grow well on all types of soil.

PRICES
45c each 3 for \$1.35 5 for \$2.10

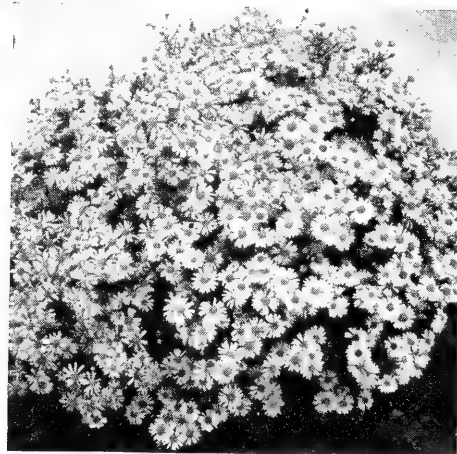

Decoration Day DAISY

Velvety, large, double blooms of pure snowy white for Decoration Day, continuing throughout June. It's a beauty with its brilliant yellow disc center. Easily grown, hardy anywhere. Flowers grow to height of 24 to 30 inches. Cut flowers very lasting, make lovely bouquets alone or as contrast with other flowers.

PRICES
45c each 3 for \$1.10 6 for \$2.00

Hardy FALL ASTERS

The rich coloring of these magnificent Asters will surely thrill you when they burst out all over with thousands of blooms to add glory to your fall flowers from late August through November. The plants range from 1 to 3½ feet in height. Wherever planted the effect of Asters is most charming as they blend with the landscape, yet are very much in evidence. For variety in color and height we offer:

SUNSET. Medium in height, ranging from 1½ to 2½ feet. Glorious sunset-pink with blooms so thickly covering the branches it appears as the sun itself, going down behind the horizon. One of the best new pink varieties.

BLUE SKYLARK. Grows 2½ to 3½ feet, making it an ideal setting for a background or border planting. Very outstanding with its sky-blue thick petals and yellow disc centers.

VICTOR. Dwarfest of all, growing 6 inches to 1½ feet, but still loaded with good sized flowers of beautiful clear lavender-blue.

PRICES: 40c each; 3 for \$1.10; 6 for \$1.80.

PAINTED DAISY

Large, compact, beautiful Daisies. Hardy and easy to grow, will thrive on all soils. Gorgeous assorted colors on long, erect stems. The fernlike foliage and brilliant shadings make them very desirable for cutting. Long season of blooms for bouquets. Grows about 2½ feet tall.

CREeping PHLOX

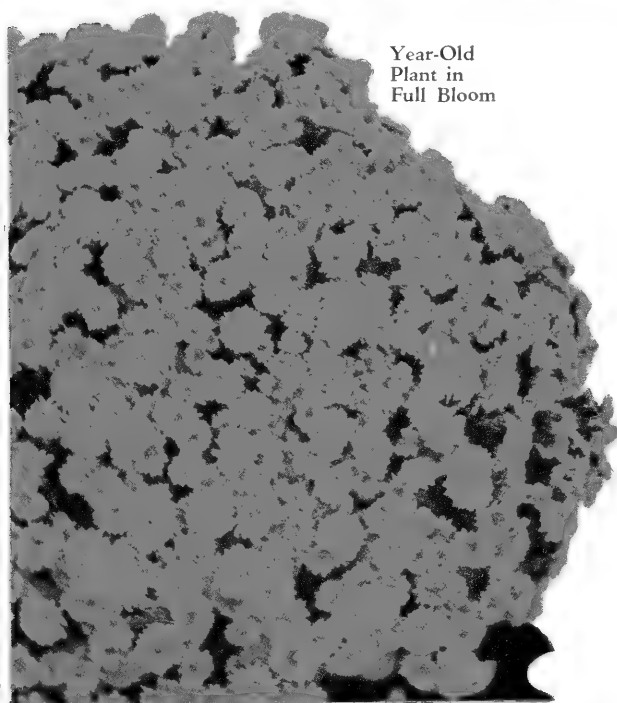

The Perfect Ground Blanket. Cherished as much for its refreshing evergreen foliage as for its masses of flowers that appear in April and early May. Colors: Snowy white and rosy pink. One of the most beautiful of the low creeping plants is Phlox Subulata. Its diminutive spreading plants, 2 to 6 inches high, thrive well anywhere. Ideal for borders, rock gardens and terraces. Plant 1 foot apart each way to make a dense ground cover in a short time. **PRICES:** 40c each; 3 for \$1.10; 10 for \$2.75.

Enjoy Gorgeous Beauty

March to May

1. FRENCH PUSSY WILLOW

A small treelike shrub with attractive leaves 2 inches long and an inch wide. Its popular appeal is the conspicuous silky, furlike catkins which bud in the fall and make those "springy" bouquets just as the snow melts in spring. **PRICES:** 65c each; 3 for \$1.70.

2. FLOWERING QUINCE (*Cydonia Japonica*)

Dazzling, bright scarlet flowers appearing in May before the foliage unfurls, followed by highly fragrant greenish yellow fruit. Ideal for specimen planting—can be pruned for hedging. **PRICES:** 80c each; 3 for \$2.00.

3. SPIREA VAN HOUTTEI

Magnificent flowering hedge. Long, graceful, drooping sprays covered with countless white flowers, blooming in early spring. Very hardy. Leaves are oval; 1 to 2 inches long, smooth, turning bronze, then orange and scarlet in fall. Its real value lies in its early bloom and brilliant foliage. Used in all sorts of landscape work. Grows to a height of 6 ft. **PRICES:** 18-24 in., 40c each; 3 for \$1.10; 10 for \$3.85. 2-3 ft., 65c each; 3 for \$1.70.

4. HIGH BUSH CRANBERRY (*Viburnum opulus*)

A magnificent shrub of upright, spreading form, with smooth, light gray branches and broad, oval, 3-lobed bright green leaves. Produces small, white flowers which are borne in broad, flat clusters surrounded by a ring of large, sterile flowers. These are followed by very showy scarlet berries, which cling to the bush all winter. Grows 8 to 12 feet tall. **PRICES:** Blooming size, \$1.00 each; 3 for \$2.65.

5. DOUBLE YELLOW KERRIA

A slender branched shrub of great beauty, semi-dwarf in habit of growth. In spring the shrub is literally covered with flowers that are double, resembling little Roses in form, although bright golden yellow in color. Branches and leaves are light green. Very hardy. Ideal for shady spots. **PRICES:** Strong 2-yr. plants, \$1.10 each; 3 for \$3.00; 6 for \$5.50.

May to June

6. SNOWBALL

Well known shrub, flowers grow in large ball-like clusters, snow-white, blooms May to June. **PRICES:** 70c each; 3 for \$1.80.

7. JETBEAD (White Kerria)

The shrub that thrives in adverse places—heavy clay, shaded, crowded areas and in smoky cities. Jetbead having characteristic black branchlets produces large white flowers all summer followed by black nutlike fruit. If looking for the shrub—sure to grow—sure to bloom, order Jetbead, grows to a height of 4 feet. **PRICES:** 65c each; 3 for \$1.70.

8. COTONEASTER (*Acutifolia*)

A beautiful uncommon shrub that has a graceful spreading habit of growth. Ideal for planting in front of taller growing shrubbery. The tiny, dark green shiny holly-like leaves turn red and orange in fall, and hang on the bush well into the winter. The two-to-five-flowered clusters of bloom develop conspicuous black fruits. Thrives in poor, rather dry soil. Hardy and easy to grow. **PRICES:** Large or Jumbo Size, \$1.75 each; 3 for \$4.50.

9. AZALEA (Hexe)

For unusualness in your flower garden add this new Azalea, Hexe, the most beautiful flowering shrub in existence. Produces an abundance of flowers in spring and early summer. The beautifully shaped foliage makes the Azaleas a continued delight. Plants are packed with Westhauser's Gro-Kwick. Use it in planting, mix it right in with the soil. Azaleas are acid-loving plants and will appreciate this acid peat. If you have felt you could not grow Azaleas before, try Westhauser's Leading Hardy Azalea. **PRICES:** Strong 2-yr. plants, \$1.60 each; 3 for \$4.25; 6 for \$8.00.

from Spring 'til Snow

June to July

10. WEIGELA ROSEA

Sprays of large pink flowers in May. Beautiful green foliage. Grows 3 to 4 feet high. **PRICES:** 80c each; 2 for \$1.50.

11. HYDRANGEA A. G.

Large, globular clusters; pure white flowers. Blooms July-August. Attains height of 5 to 6 feet. Plant 3 to 4 feet apart. **PRICES:** 75c each; 3 for \$2.00; 6 for \$3.75; 12 for \$6.00.

12. SPIREA ANTHONY WATERER

The "Everblooming Spirea," as it sends forth great masses of rosy crimson flowers in July, with scattered flowers throughout the summer up until snow flies if you remove the old blossoms when they fade. Dwarf-like in growth, an elegant shrub for low hedges and foundation planting. **PRICES:** 75c each; 3 for \$2.00.

13. SWEET SHRUB (*Calycanthus Floridus*)

A very hardy shrub which does well in partial shade, noted for its spicy, pungent flowers of reddish brown which bloom from June to July. **PRICES:** 85c each; 3 for \$2.25.

14. SPIREA (Froebeli)

Early blooming hybrid Spirea of Bumalda species. Superior qualities as the new growth covers the old seed heads of the first crop of flowers. The branchlets are dark brown even when young, are of low, upright growth. This ideal shrub for foundation planting has ovate-oblong leaves with crimson-red flowers. **PRICES:** 70c each; 3 for \$1.90; 10 for \$4.75.

July to October

15. CORALBERRY

The most popular red berry shrub. Ideal for steep banks to hold the soil. This medium sized shrub with its gray-green oval leaves is noted for the large clusters of red berries which hang on all winter. These berries follow the delicate pink-white blossoms. **PRICES:** 65c each; 3 for \$1.70.

16. BLUEMIST (*Caryopteris Incana*)

Few shrubs bloom as late as Bluemist. One would have to search to find a shrub of such rare beauty. The Bluemist with its gray aromatic leaves is covered with dense clusters of colorful lavender-blue flowers appearing in September. The shrub may be pruned to the ground each spring as each new shoot will be crowned with bloom during the same season. An ideal shrub for a perennial border. **PRICES:** 75c each; 3 for \$2.00.

17. SNOWBERRY

Unequalled for shady places excellent shrub for dark corners. A beautiful bush covered with snow-white fruit, measuring one-half inch or more in diameter, from September to spring. A slender shrub growing to height of 3 feet covered with dainty pink tubular flowers which precede the fruit. **PRICES:** 65c each; 3 for \$1.70.

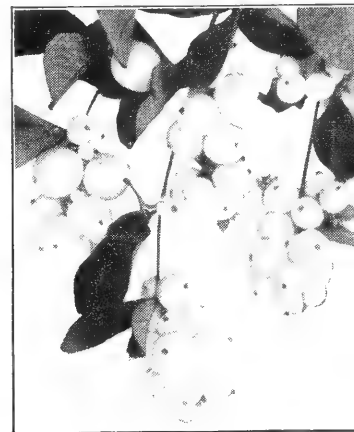

18. BUDDLEIA (*Butterfly Bush*)

Beautiful Lilac-like flowers continuous in bloom from July to frost in three gorgeous colors. Long panicles (15-18 in.) of fragrant flowers are produced in profusion on compact bushes which attain a height of about 5 feet. These "Summer Lilacs" add to their beauty by attracting Nature's most beautiful insect—the butterfly. For variety in color get one of each.

DUBONNET. The reddest Buddleia. Perfect for cutting. **PRICES:** 80c each; 3 for \$2.00.

PINK CHARMING. Orchid-pink. Blends with any background. **PRICES:** 80c each; 3 for \$2.00.

HARTWEGI. Bright lavender. Lovely alone or in combination with other cut flowers. **PRICES:** 80c each; 3 for \$2.00.

Snowflake, Mock Orange

SNOWFLAKE

New Double Mock Orange

(Plant Patent No. 538)

Called a "Mock Orange", yet so very new and distinctive it is really in a class by itself. Its very double snow-white blossoms among the large, leathery glossy green leaves make it unsurpassed in beauty by all other flowering shrubs. The unusually symmetrical plants are very rugged, quick growing, not particular as to the soil and will stand the shade better than flowering shrubs. Its snow-white blossoms reaching its maximum of bloom in May and June, yet lingering throughout the entire summer, make it very useful for accent planting. The sweet-scented blooms will perfume the summer shrubbery border. Order early and have this beautiful shrub reserved for you.

PRICES: \$1.50 each; 3 for \$4.00.

FRENCH TREE LILAC

Beautiful Hybrid French Lilacs rival other shrubs for popularity! Color! Fragrance! No other plant offers so much for so little. Hardy everywhere. Hybrid French Lilacs are leading the Lilac parade. Blooms early, often the first year. Mammoth panicles measure from 7 to 12 inches. Billowy masses of gorgeous clusters fill the air with perfumed loveliness. Budded on hardwood, non-suckering roots. Three exquisite colors: Chas. X, large double flowers of wine-red, fine for cutting. Marie Legraye, snowy white. Ludwig Spaeth, rich crimson-purple. PRICES: 18-24 in., \$1.25 each; 3 for \$3.25. 24-36 in., \$2.00 each; 3 for \$4.75.

BLUE HYDRANGEA

The Queen of the most exclusive flowering shrubs. A mass of extremely delightful, deep blue blossoms measuring from 6 to 10 inches across. All plants shipped with a clump of dirt in which they were grown, and packed in Westhauser's Gro-Kwick, Nitro-Organic Humus (acid peat). Mix this Gro-Kwick half and half with top soil, backfill opening with this mixture to insure a more intensive blue color. All flower lovers adore this magnificent beauty. Order now, supply limited. Mulch before the hard freezes set in.

PRICES: \$1.50 each; 2 for \$2.75; 6 for \$7.25.

Forsythia

FORSYTHIA

Earliest to bloom. Springtime's Golden Queen, countless bright yellow flowers blooming in April before their leaves unfold. Should be included in every border or foundation planting. Very hardy. Five to 8 feet at maturity. **PRICES:** 15-18 in., 65c each; 3 for \$1.70. 24-36 in., Extra Large, \$1.00 each; 3 for \$2.75; 6 for \$5.00.

KOLKWITZIA (Beauty Bush)

Graceful, arching branches—really a beauty specimen. During the June bloom the branches droop under the weight of the lovely pink, bell-like flowers. The shrub grows to a height of about 8 feet and reaches approximately the same spread. Extremely hardy. **PRICES:** 18-24 in., blooming size, 90c each; 3 for \$2.50.

TARTARIAN HONEYSUCKLE

Best known Honeysuckle! Has somewhat spreading branches—bright green foliage—profusion of deep pink flowers followed by brilliant red berries that ripen in midsummer and cling to the bush for several months. Birds are especially fond of the bright red berries. **PRICES:** 15-18 in., 65c each; 3 for \$1.70. 2-3 ft., 80c each; 3 for \$2.00.

HYDRANGEA P. G.

Showiest late blooming shrub. Immense blooms hardy, pinkish white, fine for winter bouquets. Grows 5 to 7 feet tall. Plant 3 to 4 feet apart in rich soil, water very freely. Prune severely each spring. **PRICES:** 10-12 in., 75c each; 3 for \$2.00; 6 for \$3.75. 24-36 in., 95c each; 3 for \$2.40; 6 for \$4.50.

3 COLOR ALTHEA

A tall shrub of upright growth, rounded form. Valued for its late flowering season. These "Rose of Sharon" have been grafted to produce an outstanding and pleasing effect with our most popular colors. Red, White, Blue. **PRICES:** \$2.00 each; 2 for \$3.50; 6 for \$9.50.

Iris, Frank Adams

Iris

• RARE CREATIONS

• SUPERB COLOR and BLEND

PRICES: 50c each; 6 for \$2.50.

FRANK ADAMS. A variety that has received much comment. Standards are a rosy tan, the falls are light red making it very distinguished. Fine in every particular: color, branching, vigor of growth.

CALIFORNIA GOLD. One of the largest, state-liest yellows, a true marker of glittering gold. Large, clear, rich smooth yellow evenly tanned, well branched, carrying blooms with an easy grace. A worthy addition.

WABASH. Pure white standards with rich velvety deep violet falls, a most striking variety. Tall with profusion of large slightly ruffled blossoms. Awarded Dykes Medal in 1940.

PINK OPAL. Beautiful flower on a tall stem, a rich pure pink. An outstanding favorite because of its hardiness and freedom of blooms.

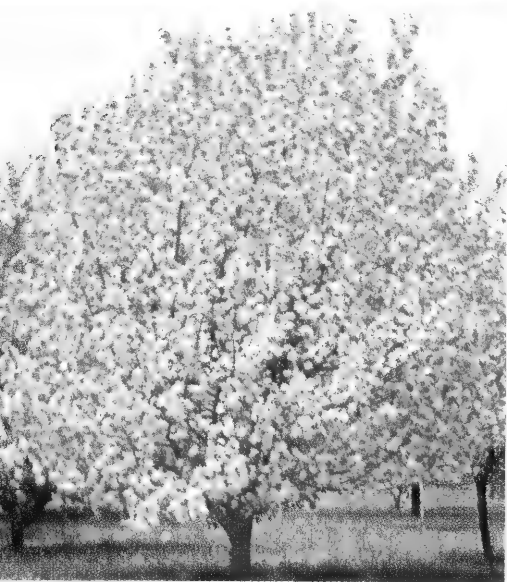

BLUE MONARCH. Extremely large blooms of pale blue, handsome foliage and strong stalks. Rugged and hardy, we highly recommend this Iris.

Beautiful

FLOWERING

Crimson King Maple

Hopa Crab

CRIMSON KING MAPLE

(Plant Pat. No. 735)

Truly one of Nature's most outstanding works of art. The leaves are red from the moment they unfurl and retain this beautiful color throughout the entire season. This most desirable shade tree glistens brilliantly in the sun giving the impression the tree is in full bloom. Develops rapidly, very hardy and easy to grow. Not particular as to climate or soil. Crimson King Maple is a "must" for every lawn. Order promptly that you may be assured of possessing one of the finest trees you have ever owned. **PRICES:** 4-5 ft., \$4.00 each; 2 for \$7.50.

HOPA CRAB

Hopa is undoubtedly the most beautiful Flowering Crab that can be grown in the North successfully. It is an upright tree entirely covered with beautiful rose-crimson flowers which last a long time, followed by fruit that has a bright red flesh which makes it doubly desirable for preserves as well as an ornament; fruit lingers on until fall. Tree is very hardy and disease free. Outstanding sensation for single or group planting. **PRICES:** 3-4 ft., \$1.50 each; 3 for \$3.75; 6 for \$6.75. 4-5 ft., \$1.75 each; 3 for \$4.75; 6 for \$8.00.

DOGWOOD

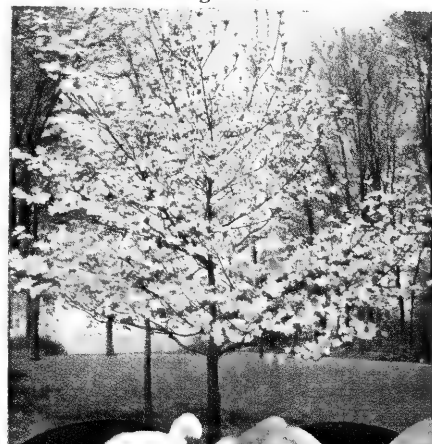

One of the most beautiful of small trees. Handsome in early spring with its four blunt ended bracts surrounding the dense heads of small flowers borne in such abundant profusion. Then again in fall with its showy scarlet berries produced in small clusters. Gorgeous leaf coloring—deep green in spring and summer, glorious scarlet-red in autumn. The spreading branches grow horizontally and slightly upward. Does well in partial shade or full sun. Two hardy varieties: *Cornus Florida*, white flowering; and *Cornus Rubra*, pink or red flowering. Plant one or more of each for a spectacular display of color. **PRICES:** Red, 2-3 ft., \$2.50 each; 2 for \$4.75. White, 2-3 ft., \$2.00 each; 2 for \$3.75.

TREE WISTERIA

No more lovely sight than a tree Wisteria in bloom—purplish blue flowers by the hundreds completely cover the tree during May. These trees of sheer beauty live for generations, increasing in beauty and dignity each successive season. A "must" for all formal gardens. Plants are hardy, grafted, sure to bloom, branched, 30-36 in. **PRICES:** \$3.50 each; 2 for \$6.00.

Colorful

TREES

Lasting

SMOKE TREE (Purple Fringe)

An enchanting treelike shrub, enveloped in midsummer with showy masses of purplish misty flowers resembling beautiful clouds of drifting smoke. Attractive brilliant scarlet and golden autumn foliage. A hardy recognized garden beauty. **PRICES:** 2-3 ft., \$1.50 each; 3 for \$3.95. 3-4 ft., \$2.25 each; 3 for \$6.00. 5-6 ft., \$3.00 each; 3 for \$8.50.

CHINESE MAGNOLIA (Soulangeana)

The striking contrast of this magnificent ornamental, appearing in early spring with its large, bell-shaped flowers, 6 to 10 inches across, white inside, pink or orchid on the outside, followed by rich, glossy, dark green leaves, make it a highly ornate specimen at all times of the year. Grows 18 to 20 feet high. Combines attractively with spring bulbs and perennials. Admirers will come by your home just to see its amazing beauty. This variety is the hardiest and is adapted to northern climates. **PRICES:** 18-24 in., blooming size, \$2.00 each; 2 for \$3.75. 4-5 ft., \$8.50 each; 2 for \$15.00.

Chinese Magnolia

TREE HYDRANGEA

Few can equal it in magnificence or appearance; it adds stateliness to any landscape. The snowy white flowers changing to a deep pink are borne in large clusters, actually they are enormous individual bouquets. Dry some and have a lovely bouquet all winter. This tree is very hardy, and blooms lavishly from July to September. Plant along the walk or driveway, a pleasing contrast to lower growing plants. **PRICES:** \$2.75 each; 2 for \$4.50.

Smoke Tree

Tree Hydrangea

REDBUD

This lovely American tree is most welcomed in the early spring, clothed entirely by blossoms in April, borne in clusters on the old stem as well as younger growth. These rosy purple flowers are followed by leaves which are broadly ovate—3 to 5 inches across, deeply heart-shaped and abruptly pointed. Sometimes called Judas Tree for legend tells us when Christ was betrayed by Judas this tree seemed to drip all over with drops of blood. Grows to a height of 20 feet with broad, round head. Very hardy. **PRICES:** 3-4 ft., \$1.60 each; 2 for \$3.00. 4-5 ft., \$2.00 each; 2 for \$3.75.

EVERGREENS, SHADE TREES ORNAMENTALS

Red Leaf Peach

RED LEAF PEACH

An outstanding productive ornamental among your plantings. Gorgeous as a single specimen. The Red Leaf Peach is covered with bright red foliage turning deep maroon toward fall. What a delightful contrast the deep rose blossoms produce amongst this foliage. This truly different Peach tree produces a full crop of delicious Peaches about an inch and one-half in diameter. The fruit is an all-over red color, with white flesh, has a delicious sweet flavor. The fruit ripens about the same time as a Gold Drop (late) and is especially outstanding for canning whole or pickling. SEE the beauty of the foliage, SMELL the fragrance of the blossoms, TASTE the flavor of the fruit, HEAR the comments from neighbors and friends, as all who see the Red Leaf Peach acclaim its outstanding characteristics. Prices: 3-4 ft., \$1.45 each; 2 for \$2.80. 4-5 ft., \$1.65 each; 2 for \$3.30.

Colorado Blue Spruce

BLUE EVERGREENS

COLORADO BLUE SPRUCE. Its steel-blue, glistening foliage makes it desirable for lawn or group planting. Nice husky trees: will make a rapid growth. They have a wonderful root system, twice transplanted. Prices: 10-12 in., 75c each; 3 for \$2.00. 15-18 in., \$3.00 each; 2 for \$5.50.

SILVER BLUE PFITZER. (U. S. Plant Patent No. 442.) Most Striking Evergreen Ever Introduced. A new Pfitzer with a silvery blue color that is as intense and even as the Koster Blue Spruce. Has all the fine qualities of the well known green Pfitzer. Grows a little more compact. Foliage is slightly finer. Entirely hardy anywhere. It's beautiful. Get yours now. Prices: 10-12 in., \$1.50 each; 2 for \$2.95.

SILVER RED CEDAR (*Juniperus virginiana glauca*). Silvery blue color. Thrives everywhere; will grow to 20 feet or more, but can easily be kept to smaller size by trimming frequently. Has great landscape value as it is readily adapted to foundation plantings. Makes a beautiful hedge. Prices: 24-30 in., \$3.75 each; 2 for \$7.00.

SILVER MAPLE

Rapid growing tree, producing a quick shade suitable for street or park. The leaves are irregularly indented, bright green above and silver beneath.

Silver Maple

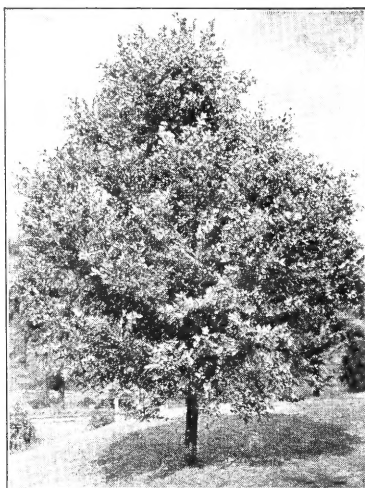

FLOWERING PLUM (Pissardi Veitchi)

A rare beauty covered in early spring with thousands of large clusters of double pink blossoms. Rich bronze foliage. In addition to this grand display you will enjoy the delicious small fruit that ripens early in autumn. Delightful contrast for accent planting. Charming for the small garden or large lawn. Very hardy. Grows about 15 to 18 ft. Prices: 3-4 ft., \$2.50 each; 3 for \$6.75.

Flowering Plum

HEDGES Provide a Living Fence

Chinese Elm

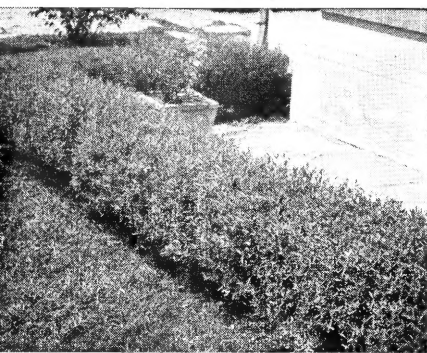

CHINESE ELM HEDGE

The very finest of all hardy hedges, very fast grower, can be trimmed to any size or height. Plant 12 to 18 inches apart along walks, drives, lot lines, as windbreaks, or to hide undesirable views. Cut tops back to 12 inches to cause plants to branch thicker from the bottom. Grows 12 to 15 feet in height. **PRICES:** 12-18 in., 10 for \$1.95; 25 for \$3.95; 50 for \$6.95; 100 for \$12.95.

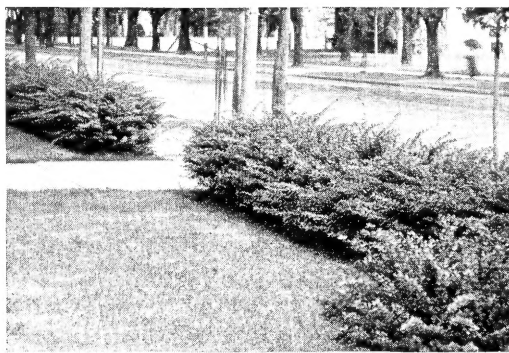

BLUE LEAF WILLOW

(*Salix Purpurea Nana*)

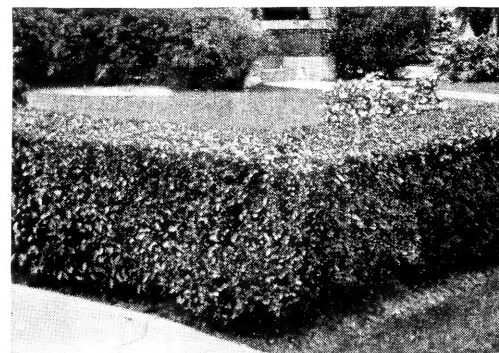

Charming low growing plant that is hardy everywhere, ideal for low border or edging. Very dwarf and bushy, with thick, fine foliage of lovely gray-blue-green. Just the plant for low edgings around beds or along walks. Plant 8 inches apart, can be clipped or left natural. Single specimens are beautiful in the rock garden. Extremely hardy, thrives on most any type soil. **PRICES:** 15-18 in., 40c each; 10 for \$3.50; 50 for \$11.95.

Blue-Leaf Willow

Red Barberry

Amur River Privet

RED BARBERRY

No other shrub can compare with the striking brilliance of our double red strain of Barberry. Its abundance of thick, purplish red leaves glisten in the sun, contrasting luxuriously with the green and yellow of other plants. Bushes have low growing habit. Can be pruned any time in summer to desired height and width. Lovely for borders, hedges, foundations, groups and lawn specimens. Red berries in winter. Heavy, 3-year landscape size, show up now. **PRICES:** 12-18 in., 60c each; 3 for \$1.50. 18-24 in., 85c each; 3 for \$2.25.

AMUR RIVER PRIVET

The Hardest Privet Hedge

Beautiful, upright growth, makes a compact hedge, hold foliage until late fall. Makes a beautiful trimmed hedge. **PRICES:** 15-18 in., 6 for \$1.50; 12 for \$2.25; 25 for \$4.25; 50 for \$7.50. 18-24 in., 6 for \$1.80; 12 for \$3.25; 25 for \$5.25; 50 for \$8.75; 100 for \$14.50.

VINES - to Screen and Glorify Your Yard

CLEMATIS (Hybrid)

The richly colored, delightfully fragrant flowers with their pleasing foliage make Clematis a favorite for adorning pergolas, trellises and fences. Its decorative possibilities are unlimited. Use it to cover sunny porches or to enliven that old tree stump. Blooms profusely early summer to late autumn. Ideal cut flowers. 1. **Jackmani**, giant purple. 2. **Henryi**, lustrous white. 3. **Andre**, soft velvety red. Why not get some of each? **PRICES:** \$1.25 each; 3 for \$3.45.

Clematis

SILVERLACE

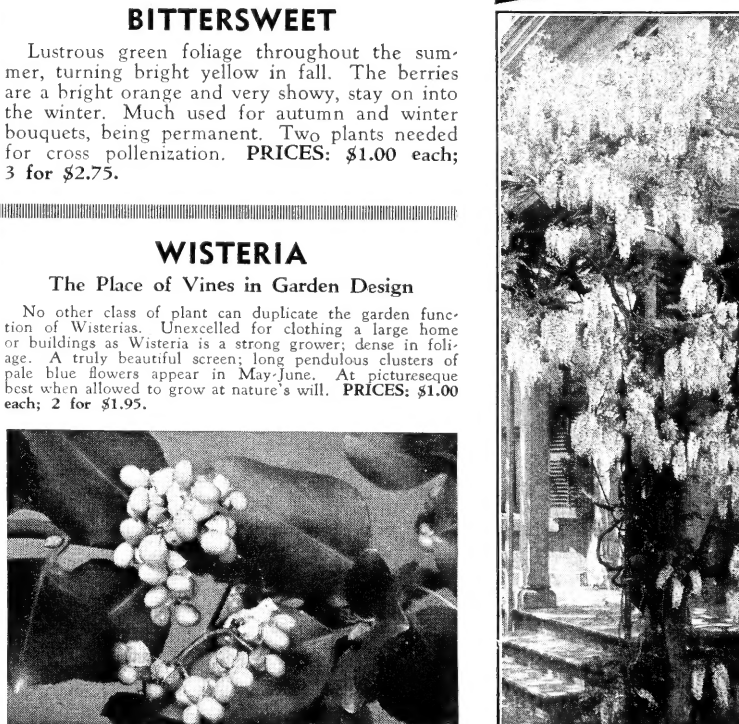

America's No. 1 vine for covering pergolas, archways, arbors, lattice, fences, etc. It is graceful, hardy and easy to grow. Will grow 25 feet or more in a season, and a fully developed specimen is a cloud of misty white, with tints of yellow and pale rose suggesting old lace. **PRICES:** 75c each; 3 for \$2.00.

Silverlace

BITTERSWEET

Lustrous green foliage throughout the summer, turning bright yellow in fall. The berries are a bright orange and very showy, stay on into the winter. Much used for autumn and winter bouquets, being permanent. Two plants needed for cross pollination. **PRICES:** \$1.00 each; 3 for \$2.75.

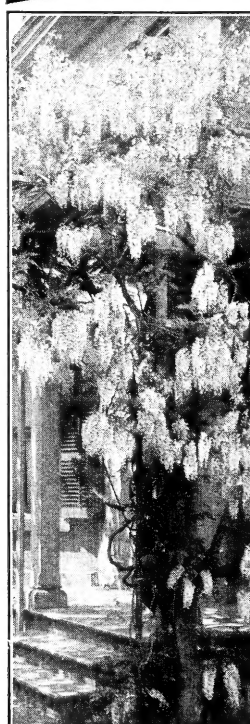

Bittersweet

WISTERIA

The Place of Vines in Garden Design

No other class of plant can duplicate the garden function of Wisterias. Unexcelled for clothing a large home or buildings as Wisteria is a strong grower; dense in foliage. A truly beautiful screen; long pendulous clusters of pale blue flowers appear in May-June. At picturesque best when allowed to grow at nature's will. **PRICES:** \$1.00 each; 2 for \$1.95.

Wisteria

Home Planting Pays Happiness Dividends

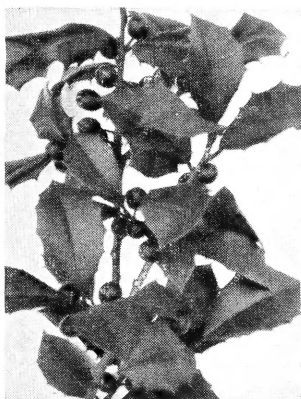

New WASHINGTON HAWTHORN

Spring. Dense clusters of creamy white flowers in June.

Summer. Deciduous, narrow, glossy green foliage.

Fall. Foliage turns to rich orange and red hues.

Winter. The charm of this shapely shrub lies in its brilliant red berries lasting through the winter. Just picture the splendor of this lovely bush heavily loaded with brilliant bright red berries against a background of newly fallen snow and an azure-blue sky. A real feeding spot for birds such as Cardinals, Cedar Wax Wings and many others who love the juicy red berries. Very hardy; attain a height of 15 to 25 feet, easy to transplant, disease resistant, good root system. **PRICES:** 12-15 in., 75c each; 3 for \$2.00; 6 for \$3.75; 12 for \$6.00; 25 for \$10.00.

American Holly

AMERICAN HOLLY (Ilex Opaca)

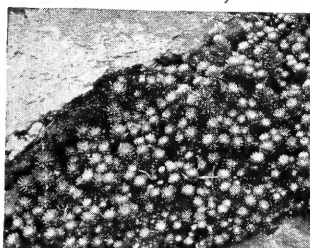

The Holly Tree now acclimated to northern climate. Beautiful evergreen tree with broad, Oak-like, shiny leaves—what a contrast as red berries appear in the fall remaining on the branches nearly all winter. Tree is a moderate grower with year-round beauty. **PRICES:** 65c each; 3 for \$1.50; 6 for \$2.75.

LILY-OF-THE-VALLEY

A mass of deep green foliage, through which sprays of snowy white, miniature, bell-shaped flowers appear in early spring. Lovely for small vase arrangements; much used for corsages. These dainty flowers thrive in areas too shaded for grass. A grouped bunch of 10 to 15 pips will bloom this year. **PRICES:** 1 clump (10 pips), \$1.00; 3 for \$2.75; 6 for \$5.00.

Lily-of-the-Valley

Sedum (Stonecrop)

SEDUM (Stonecrop)

A ground covering for dry infertile soil. Fill crevices and rock strewn areas. Succeeds in almost any position—on made rock walls or ruins, in mixed borders. Dark green creeping compact mats. Handsome flat heads of white to pink flowers in mid-summer. **PRICES:** 25c each; 3 for 65c; 6 for \$1.15; 12 for \$2.00.

CREEPING MYRTLE (Vinca Minor)

Shining evergreen leaves and attractive violet-blue flowers in spring. Very hardy. An ideal ground cover, especially for shady places. **PRICES:** 25c each; 5 for \$1.00; 10 for \$1.70.

Creeping Myrtle

PACHYSANDRA (Japanese Spurge)

Low, dense growing. One of the most useful evergreen ground cover plants. Easy to grow. Ideal for terrace banks, or any place where it is difficult to grow grass. Terminal spikes of white flowers that open early in spring are attractive to bees. Fruit (not often seen) is a soft white berry. **PRICES:** 2-yr., large, 45c each; 5 for \$2.00; 10 for \$3.50.

Pachysandra

HAHN'S ENGLISH IVY

Native of Europe, these self-branching vines are extremely pretty for the home porch box or hanging basket. Rapid growing plants easily cared for, not a bit fussy about the soil. Very decorative in the home. **PRICES:** 65c each; 3 for \$1.50; 6 for \$2.75.

Hahn's English Ivy

One of our many satisfied customers, Miss Drew of New York, writes: "To advise you I received the plants today and all in perfect condition. I sure like the way you do business, good plants, packed letter perfect, and best of all, delivered on time. Thank you very much."

New Ecstatic Beauty

5 on 1! FLOWERING SENSATION

FIRST TIME OFFERED

NATURE'S NEW WONDER 5 ON 1. Truly a splendor of beauty, gorgeous 3 different colored blossoms blooming at one time, before the leaves appear, resembling a large mixed bouquet. After these showy blooms have fallen the tree is a profusion of bright red and lustrous green leaves. An ornamental tree that will add distinction to your planting. First time such a beauty has ever been offered. This tree took years to perfect and now you may enjoy the 5 on 1 unusual, colorful beauty on your lawn. Hardy, easy to grow. Supply still limited—order at once and reserve this unique tree bearing 3 colored blossoms and 2 colored leaves. **PRICES:** 2-3 ft., \$3.95 each; 2 for \$7.50.

CUT-LEAF WEeping BIRCH

(*Betula Pendula Gracilis*)

Its graceful weeping branches, finely cut foliage and shimmering white bark make this one of the most beautiful ornamental trees. Even in winter, without foliage, the delicate pendulous branches make a lovely silhouette against the drab colors of other trees in the background. It is not too particular as to soil but prefers a moist location and a sunny spot. **PRICES:** 4-5 ft., \$2.25 each; 2 for \$4.00.

European MOUNTAIN ASH

Another invigorating beauty for your lawn. From July until winter, clusters of red berries glisten among the green leaves of this hardy, medium sized tree. The tree grows to a height of 25 to 30 feet; is dense and regular. Not only does it attract the birds and the bees but folks passing by will stop to admire it. **PRICES:** 5 to 6 ft., \$2.25 each; 6 to 8 ft., \$2.95 each; 8 to 10 ft., \$4.75 each. Heavy caliper.

Cut-Leaf Weeping Birch

MAJESTIC SPECIAL

- 1 5 on 1 Flowering Peach. 2-3 ft.
- 1 Cut-Leaf Weeping Birch. 4-5 ft.
- 1 European Mt. Ash. 5-6 ft.
